# 1) Overall Strategy for Step 1

As per the most recent orders from the Government of Canada, our facility has been approved to re-open.

- ▶ Even as the pandemic subsides, we must all play our part and remain vigilant to ensure the safety of all.
- ▶ Our strategy is to meet or exceed all standards as we aspire to provide you with a healthy environment and enjoyable experience as we safely re-open the track through a careful systematic approach.
- ▶ It is important to note that these procedures represent Step 1 of our strategy. As the situation progresses, we will continue to move forward towards our normal karting activities.

## 2) Facility Limitations

- ▶ The facility is open to private kart owners and/or members only within a controlled – gate closed environment.
- ▶ No spectators or public walk-ins will be permitted. Limits to number of people on-site.
- ▶ Online pre-registration is required. Detailed instructions are included below. Advance payment is required.
- ▶ Pre-signing of the “Release of Liability Waiver” is mandatory prior to arriving to the track.

## 2) Facility Limitations Continued...

- ▶ Our paddock area is very large. We will mark out and assign designated pit boxes. Please stay within your space to maintain social distancing requirements at all time. Detailed move-in and move-out process.
- ▶ Snack bar and club house will remain closed. Please come prepared with food, water, hand sanitizer, garbage bag and any other necessities you might require. Goodwood Kartways strongly discourages unnecessary visits into the community to limit exposure.
- ▶ Washroom and hand wash stations are restricted to one person at a time.

# 3) Physical Distancing Protocols

Goodwood Kartways is establishing guidelines and protocols to ensure proper physical distancing of all members, pre-registered visitors and employees. Expect the following:

- ▶ Clearly defined paddock spaces in pit area to ensure physical distancing is maintained at all time. Paddock spaces are 24'x20' and are separated by 12'x20' vacant spots.
- ▶ Clearly defined staging boxes on pre-grid.
- ▶ Gates will be open during designated move-in and move-out times only.

# 3) Physical Distancing Protocols Continued...

- ▶ Gates will be closed during on-track sessions.
- ▶ Track sessions to be limited to 10 drivers. Each driver may be accompanied by one guardian figure. No spectators are permitted in Stage 1.
- ▶ Use of hand sanitation stations at main entrance, washroom, and Kart Shop entrance is required.
- ▶ Anyone who ignores social distancing procedures will be asked to leave the premises for the remainder of the day.

# 4) Participant Eligibility

- ▶ As we get back on track, Step 1 will cater to private kart owners and/or members only.
- ▶ Only drivers who have pre-registered will be allowed on-site.
- ▶ Registered drivers accompanied by one guardian will be allowed on-site during their session.
- ▶ Upon arrival you will be assigned a paddock spot. Drivers should come prepared with everything you may need during your session. You are required to leave with EVERYTHING you came with, waste included. Nothing can be shared and nothing can be left on site.

# 4) Participant Eligibility Continued...

- ▶ If you are at higher risk for severe illness, feeling unwell, or have been in contact with anyone who is sick in the last two weeks please stay home.
- ▶ Drivers and their guardians must come prepared with their own personal protective equipment (PPE). Gloves and/or face masks are highly recommended.
- ▶ The [Centers for Disease Control and Prevention](#) considers a reading of 100.4 degrees Fahrenheit a fever. If you have a fever please stay home.

# 5) Track Time and Availability

- ▶ During Step 1, each track day will be split up into morning and afternoon sessions. Each session will be four hours.
  - ▶ The morning session will run from 10am–2pm, the afternoon session will run from 3pm–7pm.

-
