All enquiries regarding these Regulations should be addressed to:

GDS ASN CANADA

Kart racing is a dangerous sport.

These regulations are intended to assist in the conduct of competitions and to further general safety. They are a guide, and in no way a guarantee against injury or death to participants, spectators, or others.

No express or implied warranties of safety or fitness for a particular purpose shall be intended or result from publication of or compliance with these Regulations.

Participants are encouraged to inspect the racing facilities and to bring to the attention of the organizers and officials anything that is of a concern to their personal safety. If a participant is not comfortable with the facility, they should consider withdrawing from the event. If the driver is under the age of majority, then the parents, guardians and/or handlers should inspect the facilities as above.

Karting Organizations, Clubs or Series may adopt these Sporting Regulations and the Technical Regulations in Book 2 for use within their own competitions.

Changes to the Regulations for 2026 indicated in a narrow bold font.

1. GENERAL PRESCRIPTIONS

1.1. Sanctioning Authority

GDS (Groupe de développement sportif) ASN CANADA referred to as ASN hereafter, has drawn up these Regulations referred to herein as "these Regulations" for the Canadian Karting Community.

ASN or the affiliated Karting Organization having jurisdiction (**defined as the Club, Region, Series or Event Organizer**) shall render all decisions concerning these Regulations; determine eligibility for participation in competitions; appoint Officials; issue and withdraw licences; apply penalties for violation of these Regulations; do any and all things deemed in its judgement to be in the best interests of the conduct of Karting sport.

Sanction for the establishment of a National Competition or National Series and individual events forming a National Series is granted only by ASN.

Sanction for the establishment of a Regional Competition or Regional Series and individual events forming a Regional Series is granted only by an ASN affiliated Region.

ASN may sanction any Event held within Canada that forms part of a Series approved by another country's ASN (National Sporting Authority) or its delegate.

ASN may sanction any Canadian event held outside of Canada and ASN shall regulate such competitions in conjunction with the subject country's National Sporting Authority, or its designate.

1.2. ASN Sanction for a Competition or Series

To receive sanction to promote/organize an ASN Competition or Series, a promoter/organizer must make a detailed written application to ASN or the affiliated Karting Organization having jurisdiction documenting all of the administrative, technical and financial particulars of the proposed Competition, including race track technical and safety details, and be able to demonstrate overall financial responsibility, and set forth any proposed special requirements for the eligibility and conduct of the entrant, driver or kart, and be prepared to enter into formal agreement with ASN or the affiliated Karting Organization having jurisdiction.

ASN or the affiliated Karting Organization having jurisdiction reserves the right to refuse sanction of a proposed Competition or Series without stating the reason.

1.3. ASN Competition Regulations

ASN reserves the right to alter these Regulations at any time. ASN Bulletins become part of these Regulations.

If a Karting Organization, Club or Series adopts these regulations they should draft their own Club, Series and Event Supplementary Regulations. Such Regulations should not conflict with these Regulations if they have been adopted.

These Regulations have been prepared in English only.

1.4. Knowledge of These Regulations

Every person, body, group of persons, etc., promoting, organizing, or participating in a competition or event, by and upon applying for an agreement, sanction or permit or licence of any kind from a karting organization shall by doing so be deemed to and recognize that:

They have acquainted themselves with these Regulations.

They have submitted themselves without reservation to the consequences resulting from the application of these Regulations.

Have renounced, under pain of exclusion, the right to have recourse to any arbitrator or judicial tribunal not provided for in these Regulations.

Have agreed to exonerate and keep indemnified all bodies; sponsors and their agents, racetrack owners, race organizers and their officials and agents, karting organization and its directors, officers, officials and its subsidiaries, agents and associate members, from and against all liability whatsoever to any such person or body or group of persons respectively in respect of, or in connection with any meeting, competition, or event held under these Regulations, from whatever cause arising or alleged

to arise and notwithstanding that the same may have been contributed to, or occasioned by, the negligence of the said bodies, their agents, officials, servants, or representatives.

In the case of entrants and drivers in events, have agreed in the circumstances (as set out in the preceding paragraph) to exonerate and keep indemnified all and any other competitors, their servants and agents, from and against any liability whatsoever, including direct liability, to such entrants or drivers in connection with the driving of karts or any other act, omission, or occurrence during the course of a competition or official practice.

Have agreed as set out in this Regulation with each and all the persons and bodies referred to in these Regulations and so that each and any of those persons or bodies shall be entitled to the benefit of such agreements.

1.5. Acknowledgment of These Regulations

Every driver, entrant, official, promoter, organizer or other participant in a karting organization sanctioned event, and every person who is issued a karting organization licence agrees, without reservation, to conduct themselves in accordance with these Regulations.

In case of a disagreement or dispute regarding the meaning or application of these Regulations, the interpretation and application by karting organization officials present at an event shall prevail.

In order to promote the sport of kart racing and to achieve prompt finality in competition results, all karting organization members and licence holders expressly agree that decisions by karting organization officials as to the applicability and interpretation of these Regulations are not subject to litigation.

Karting organization members and licence holders covenant that they will not initiate or maintain litigation of any kind against the karting organization or anyone acting on behalf of the karting organization, with the intention of reversing, modifying or obtaining relief from such decisions.

If a member or licence holder initiates or maintains litigation in violation of this covenant, the member or licence holder agrees to reimburse the karting organization for all the costs of such litigation, including attorney's fees.

1.6. Precedence of Regulations

The precedence of Regulations shall be as follows (in order of precedence);

1. These Regulations.
2. ASN Canadian Karting Regulations Bulletins.
3. Rok, Rotax Max Challenge Canada and Canadian Briggs & Stratton Regulations.
4. Club or Series Regulations.
5. Club or Series Bulletins.
6. Event Supplementary Regulations.
7. Event Bulletins.
8. Instructions from approved Officials.

1.7. ASN Bulletins

ASN Canadian Karting Regulations Sporting and Technical Bulletins become effective on the date published. Bulletins published on the ASN website are deemed to be the official notification to all affiliated organizations, Clubs and participants.

1.8. Television Images

The karting organization having jurisdiction is the holder of all rights to the use of television images at their karting organization events.

ASN is the holder of all rights to the use of television images at all National Events.

Promoters and organizers shall co-operate in making available to the karting organization any photographs, film or videotapes, digital video and digital still images of a competition for sporting administration purposes by the karting organization having jurisdiction.

1.9. Use of Unmanned Aerial Vehicle (UAV) or Drone

Refer to the Transport Canada website regarding the use of UAV (Drone) Unmanned Aerial Vehicle.

<https://www.tc.gc.ca/en/services/aviation/drone-safety/flying-drone-safely-legally.html>

The use of an unmanned aerial vehicle (UAV), commonly known as a drone, for any purpose is prohibited at all times. The exception is a licenced commercial drone operator with a current Special Flight Operations Certificate and a valid liability insurance certificate (minimum of \$100,000). The operator must obtain permission from the track owner or event organizer before using a drone. Both the Operations Certificate and valid Certificate of Insurance must be made available to the track owner, event organizers and Officials. Drones must be flown within the Transport Canada Regulations. Failure to provide this documentation will result in the drone(s) not able to be used or flown. Racetrack owners may prohibit the use of drones completely.

2. DRIVER COMPETITION LICENCING AND ELIGIBILITY

2.1. National Kart Licence and Age Requirements

- a) Bona-Fide Proof of Age: This must be available at all times and is required to be shown to a Race Official if requested.
- b) National Age Requirements: Age categories are based on the calendar year. The driver must reach the minimum age and not exceed the maximum age during the calendar year.
- c) A Junior driver who turns age 8 during the calendar year can start racing while age 7.
- d) A Junior driver who turns age 15 during the calendar year can start racing as a Senior while age 14 **under the following conditions:**

The driver's weight must be a minimum 40 kg (88 lbs) at all times during a competition including driver's equipment.

- e) A Junior driver who turns age 15 during the calendar year may remain a Junior for the remainder of the calendar year in **exceptional circumstances linked to safety under the following conditions:**

The driver's weight must be less than 40 kg (88 lbs) at all times during a competition including driver's safety equipment.

- f) A Junior driver cannot be age 16.
- g) A driver can only hold one grade of a National and/or Club/Regional Kart Licence. It is not possible for a driver to hold a Junior and a Senior licence at the same time. Once a driver obtains a Senior licence they can't switch back to a Junior licence.
- h) A driver must hold a current Club/Regional Kart Licence issued by an ASN affiliated karting Club or Region to apply for a National Kart Licence.
- i) **A driver must hold a current National Kart Licence issued by ASN to apply for an International Kart Licence.**
- j) First Time Applicants: To qualify for a National Kart Licence, the applicant must have participated in a minimum of 5 kart races at the Club and/or Regional level within the 24 months preceding the date of application.
To Renew: To maintain a National Kart Licence, the applicant must have participated in at least 1 kart race at the Club and/or Regional level within the 48 months preceding the date of application.
- k) World Final Age Requirements: To compete in a World Final in Rotax or Rok a driver requires an International licence. Age requirements to compete in a World Final may differ from the age requirements for a National licence.
- l) Rookie: A "Rookie" is a driver of any age, having 3 or less race events of experience. Rookies must mark an "X" on the rear of the kart and start at the back of the grid. After 3 race events a rookie driver may be granted an unrestricted kart racing licence of the appropriate grade.

2.2. Optional Club/Region/Series Age Requirements

The following regulations can be used at Club/Region/Series if specified in the Supplementary Regulations. They cannot be used at National events.

- a) A Junior driver who turns age 15 during the calendar year may race as a Junior for the remainder of the calendar year holding a Club/Regional licence under the following conditions:

The driver is a Rookie in their first full year of competition having never held a Club/Regional licence, or if the driver has not competed in more than three race events with a Club/Regional licence in the past.

The driver's weight is less than 52 kg (115 lb) including the Driver's equipment.

- b) A Junior driver who turns age 12 during the calendar year may race in the Briggs & Stratton Cadet class for the remainder of the calendar year in exceptional circumstances linked to safety under the following conditions:

The driver's weight must be less than 35 kg (77 lb) including the Driver's equipment.

- c) A Briggs & Stratton Cadet driver cannot be age 13.
d) A Club/Region or Series may set specific weigh in dates for drivers.

2.3. National Licence Categories

Licence Grade	Class
B	Junior Classes age 8 to14
B+	Junior Classes age 15 (See 2.1.e) for conditions
A	Senior Classes age 15+

2.4. National Briggs & Stratton Age Limits

Licence Grade	Class	Age	Birth Year
B	Cadet	8 to 11	2015, 2016, 2017, 2018
B	Junior Lite	9 to 14	2012, 2013, 2014, 2015, 2016, 2017
B	Junior	9 to 14	2011, 2012, 2013, 2014, 2015, 2016, 2017
A	Senior	15+	2011 or before
A	Masters	30+	1996 or before

2.5. National Rok Age Limits

Licence Grade	Class	Age	Birth Year
B	Micro	8 to 10	2016, 2017, 2018
B	Mini	8 to 13	2013, 2014, 2015, 2016, 2017, 2018
B	Junior	12 to 14	2012, 2013, 2014
A	Senior	15+	2011 or before
A	Senior VLR	15+	2011 or before
A	Shifter	15+	2011 or before
A	Masters	30+	1996 or before

2.6. National Rotax Max Age Limits

Licence Grade	Class	Age	Birth Year
B	Micro	8 to 11	2015, 2016, 2017, 2018
B	Mini	10 to 13	2013, 2014, 2015, 2016
B	Junior	12 to 14	2012, 2013, 2014
A	Max	15+	2011 or before
A	DD2	15+	2011 or before
A	Max Masters	32+	1994 or before
A	DD2 Masters	32+	1994 or before

2.7. Driver Licensing Derogations

Exemptions to driver licensing regulations, based on age or physical condition, are prohibited.

2.8. Assumed Names

No participant shall enter an event or sign the waiver and release with an assumed or fictitious name unless first authorized in writing by the karting organization. The use of assumed or fictitious names shall not relieve the individual of any obligations, liabilities, or penalties under these Regulations or those of a Series or Event.

2.9. Medical Requirements for A Driver Competition Licence

The karting organization reserves the right to request a medical examination of a driver by a physician at any time. Such requests are at the expense of the driver.

Drivers shall not participate in any competition unless they meet, and continue to meet, the medical requirements of the competition licence.

- a) **All Applicants:** At the time of application for a competition licence, drivers shall submit a completed and signed Medical Self Declaration. This must be signed by a Parent or Guardian if the applicant is under the age of majority in the province of application. The form is available at <https://www.asncanada.ca>
- b) **Applicants Age 50 and Older:** All Licence applicants 50 years of age and older are required every two years to pass a medical examination by a physician. The form is available at <https://www.asncanada.ca>

2.10. Driver Competition Licence

The holding of a Kart Driver Competition Licence is a privilege and not a right. It is a privilege granted to an individual by the karting organization. A driver's competition licence may be withdrawn or suspended at any time.

Club or Regional Membership Is Required: It is a requirement that each licenced driver be a member in good standing of an ASN affiliated karting Club or Region to compete in ASN affiliated or sanctioned events.

Proof of Club or Regional Membership and Competition Licence: It is the responsibility of the competitor to show proof of membership in an ASN affiliated Club or Region and their competition Licence upon request.

Providing Information: Falsification of age, or any information required on the membership application form or licence application, will subject the applicant to Disqualification and/or suspension of membership privileges.

Foreign Drivers: For all classes, foreign drivers must hold a Karting Licence from their country of residence and have a Letter Permission/Visa issued by their ASN. It is the drivers' responsibility to provide proof of racing experience before being allowed to compete in sanctioned events

Racing abroad: Qualified drivers who wish to race outside Canada, may do so, if they have a Letter of Permission from ASN, or their International Entry Form endorsed by ASN. A Letter of Permission, for National and International events, may be obtained by request, from ASN for a fee.

2.11. Information on a Driver Competition Licence

Every licence shall display the following information including:

Club-Regional or National LICENCE

Licence #

Kart # (Optional)

Licence Holder First and Last Name

Grade of Licence

Issue Date

Expiry Date (all licences must expire on December 31, of the year they were issued)

2.12. Licence Types

Club-Regional: Issued by an ASN affiliated Club, Regional Organization or Series. Club-Regional licences to be recognized by all other affiliated Clubs, Regions or Series.

National: Issued by ASN.

2.13. International Driver Competition Licences

Applications for all International kart racing licences must be made through ASN.

2.14. Competitors under the Provincial Age of Majority

Such competitors must submit a fully completed Annual Parental Waiver with their Licence Application.

2.15. Canada - Age of Majority by Province

Province	Age	Province	Age
Alberta	18	Nova Scotia	19
British Columbia	19	Ontario	18
Manitoba	18	Prince Edward Island	18
New Brunswick	19	Quebec	18
Newfoundland	19	Saskatchewan	18

3. DRIVERS RACING EQUIPMENT

3.1. Use of Driver's Racing Equipment

During all on track sessions drivers must always wear the required driver's racing equipment as defined in these regulations.

3.2. Allowable Helmets

Full-face helmets must comply with the following prescriptions:

For drivers under 15 years old:

Snell-FIA CM (Snell-FIA CMS2016 and Snell-FIA CMR2016)

SFI 24.1/2021, SFI 24.1/2020

For drivers over 15 years old:

Snell-Foundation SA2020, SA2015, **SA2025**, K2020, K2015, **K2025**, M2020R, M2020D, M2025R, M2025D

FIA 8859-2015, FIA 8859-2024, FIA 8859-2024 ABP, FIA 8860-2018, FIA 8860-2018-ABP, FIA 8860-2010, FIA 8878-2024

Snell-FIA CM (Snell-FIA CMS2016, Snell-FIA CMR2016)

SFI 24.1/2021, SFI 24.1/2020, SFI 31.1/2020, SFI 41.1/2020

In accordance with Appendix L of the FIA International Sporting Code (Chapter III, Article 1.4), the addition of any device to a helmet, aerodynamic or otherwise, is allowed if it was homologated with the helmet concerned.

Helmets that meet the Snell-FIA CM and **SFI 24.1** standards may continue to be used by drivers after 15 years of age without limitation.

For helmets with 8858-2010 Helmet M6 anchorages (HANS attachment points), the M6 anchorages cannot be used in karting for safety reasons.

The document 2026-ASN-CDN-Karting-Helmets.pdf has a list of acceptable helmets is available at <https://www.asncanada.ca>

3.3. Helmet Usage

Helmets should fit according to the manufacturer's specifications. Helmets must be worn and properly fastened during all track sessions. Damaged helmets may be refused at any time.

The helmet visor must be in the down (closed) position any time a kart is in motion.

It must be noted that certain types of helmets must not be painted or carry adhesive material.

HANS (Head and Neck Restraint System) devices or similar devices are not allowed for kart racing.

3.4. Helmet Cushions (Neck Collars)

Use of helmet cushions (neck collars) is optional. The karting organization reserves the right to prohibit devices that in its opinion may adversely affect safety.

3.5. Body Protection

Body protection devices, designed for motorsport use, are mandatory in all classes. They must fit properly and always remain in place when a driver is on the track.

Youth Chest Protectors that meet or exceed SFI Spec 20.1 Go-Kart Chest Protector (Youth Driver up to age 12) standard are **recommended**.

FIA Standard 8870-2018 body protection is recommended for National events and may be required at International events.

3.6. Driver's Suit and Apparel

Drivers are required to wear racing suits designed for karting use for all events. **Suits must be used as manufactured and cannot be modified. If the suit is deemed by the Technical Inspector not to meet the intent of the regulations it can't be used.**

Homologated fabric overalls must have either Level 2 CIK-FIA homologation granted according to CIK-FIA standard 2013-1 or be Grade 1 or Grade 2 Karting Overalls complying with FIA Standard 8877-2022. Driver's suits remain valid for **10** years after their date of homologation and manufacture.

Current FIA-homologated overalls (Standard CIK-FIA N2013-1) are accepted during their useful life, which is indicated on the label of the overalls, but not beyond 2029-12-31.

Karting overalls complying with FIA Standard 8877-2022 are mandatory **for CIK-FIA events** from 2030-01-01.

Non-homologated suits remain valid for **10** years after their date of manufacture.

Racing suits must cover the whole body, legs and arms included. The suit must be completely fastened as designed. A driver with exposed skin on arms or legs may be shown the Black Flag with Orange Disk with Kart Number.

Leather overalls complying with the standards defined by the FIM (Fédération Internationale de Motocyclisme) (motorbikes, 1.2 mm thickness) are authorized.

Abrasion resistant gloves must completely cover the hands and wrists. Gloves that comply with FIA Standard 8877-2022 are recommended.

Abrasion resistant shoes must cover the feet and protect the ankles. Shoes that comply with FIA Standard 8877-2022 are recommended.

3.7. Long Hair Protection

If hair extends appreciably from beneath helmet level to present a safety concern in the opinion of event race officials, it is mandatory that participants wear a balaclava or head-sock to prevent hair from extending outside the helmet.

3.8. Loose Clothing

Apparel items such as bandanas, sweater hoods, loose belts, etc., even inside the racing suit, are not permitted.

3.9. Personal Safety Equipment Condition

All driver personal safety equipment must be in good condition and may be subject to pre-race inspection prior to any on-track activities at each event and throughout an event. A Technical Inspection Self-Declaration including Driver Protection must be completed and submitted to a Technical Inspector.

3.10. Rain Racing Driver Equipment

Competitors may use a spinner type helmet visor device fitted to their helmet and visor. When a spinner is used, provided it is an accessory offered by the specific helmet manufacturer, the driver's face must be fully protected by a full-face shield. Fully protected means that debris from the air cannot enter the helmet.

3.11. Smart Watch and Wearable Devices

Crash detection must be disabled while a driver is on track to avoid unnecessary calls to emergency services.

4. PARTICIPANT CONDUCT

4.1. The Driver is Responsible

Drivers are at all times responsible for the conduct of their mechanics/tuner, parents/guardians, team members or guests. When drivers are under the age of majority, their mechanics/tuner, parents/guardians, team members or guests are responsible at all times.

A violation of these Regulations committed by a driver, mechanic/tuner, parent/guardian, team members or guests may be directly chargeable to the driver and result in penalties that may ultimately affect the outcome of a competition.

4.2. Participants Code of Conduct

- a) All participants (which includes drivers mechanics/tuner, parents/guardians, team members or guests) must participate within the rules and respect race officials and their decisions.
- b) All participants must respect the rights, dignity, and value of their fellow participants regardless of gender, ability, physical appearance, cultural background or religion.
- c) All participants must encourage and take responsibility for their actions at all times.
- d) All participants must ensure their equipment is safe and race worthy, prior to taking part in training, testing or race events. Only approved racewear (e.g.: helmet, gloves, race boots and suit) to be used by the driver, according to the regulations.
- e) It is the driver's own responsibility to identify and measure his/her own skill level against his/her competitors, and take responsibility for the risks associated with training, testing and or racing. It should be noted that a basic level of competence is required.

It is the driver's responsibility to declare, prior to any participation in training, testing, or racing, of any medical condition or medication required that may be relevant in the event of an emergency.
- f) All participants are required to display courtesy and etiquette to other members and participants in training, testing and race events. Any disputes or problems that may arise during an event must be addressed in a respectful manner, to the correct person (official) at the event.
- g) The safety of children within the sport is a priority. Knowledge of the code of ethics surrounding care of children in sports will be promoted and encouraged. It is the participant's own responsibility to ensure the safety of children at training, testing or racing events.
- h) When taking part in any event, it is the responsibility of the driver to take the time to read and fully understand the posted rules, regulations, and conditions for said event prior to start time, thus eliminating unnecessary delays at the beginning of the event. Requests for clarification of these rules, regulations, or conditions, should be asked after the drivers meeting held before each event.
- i) All participants must have respect for the environment and the surrounding inhabitants. Responsibility must be taken to reduce excessive noise and keep all areas that are used as clean and pollution free as possible.
- j) All participants must respect that drugs and alcohol are strictly prohibited at training, testing and races. It is an offence and will not be tolerated. Offenders will be Disqualified from the event and face further disciplinary action.
- k) Any abusive comments on social media (Facebook, Twitter, Instagram, YouTube, TikTok etc.) between teams, competitors, officials, organizers, or any person associated with karting organization events are prohibited, and those doing so will be held responsible and liable for their actions.

**TREAT PEOPLE THE WAY YOU
WANT TO BE TREATED.
TALK TO PEOPLE THE WAY
YOU WANT TO BE TALKED TO.
RESPECT IS EARNED NOT
GIVEN.**

5. ORGANIZATION OF COMPETITIONS

5.1. Medical Services

During race events, a minimum of one medical response vehicle with qualified attendants shall be in place prior to official practice. If the response vehicle is called to respond to a race event emergency, the race event will be suspended until the situation is resolved. The vehicle and medical emergency response team used should be licenced by the province in which the competition is being held.

5.2. Insurance Requirements

Club General Liability Insurance: ASN requires that all affiliated karting organizations be insured for General Liability to cover the club meetings, banquets, and all club non-racing activity.

Event Insurance: This Insurance is mandatory for all speed events such as Test & Tune, Practice and Race Events.

6. NATIONAL KART NUMBERS

All karts must have a unique number of three digits made up of numerals only except as indicated below. The first digit in each three-digit number must correspond to the table below. No letters will be allowed.

Kart numbers including 1, 101, 201, 301, 401, 501, 601, 701, 801, 901 may only be issued by ASN.

Rotax		Rok	
Micro	2-99	Micro	2-99
Mini	102-199	Mini	102-199
Junior MAX	202-299	GP Junior	202-299
Senior MAX	302-399	GP Senior	302-399
DD2	402-499	Shifter	402-499
Max Masters, DD2 Masters	502-599	Shifter Masters	502-599
Briggs & Stratton		Masters	602-699
Cadet	2-99	VLR Masters	702-799
Junior Lite	102-199	VLR Junior	802-899
Junior	202-299	VLR Senior	902-999
Senior	302-399	Other	
Masters	402-499	Open Shifter	902-999
Senior Heavy	502-599		

7. KART WEIGHT

The kart is to be weighed as run on the track complying with all technical regulations and including all liquids, driver, and all driver personal protective gear.

See series regulations and event supplementary regulations for exact class weights. Kart weights at an event must be in either pounds or kilograms, not both.

8. ENTERING EVENTS

8.1. Event Entry

At an event, drivers may not use the track unless they are officially entered for the event in the required class. Substitute or “test” drivers are prohibited. There may be only one entry per class per driver in any event. Pre-entries may be required for optional classes.

8.2. Insurance Waivers

It is a condition of the karting organization insurance policy, that waivers in the form specified by the karting organization be signed by all persons who participate in an event or who are permitted to enter areas normally closed to the public and/or paying spectators (ie. pit lane, pre-grid, grid and track).

The signed digital and paper waiver forms must be kept in safe storage by the organizer for a period of not less than 4 years for adults and for minors 4 years after they reach the age of majority. The waivers shall be made available to the karting organization on request. Signed waiver forms may be stored in digital PDF format.

8.3. Event Fees Non-Payment

If a cheque or credit card is presented by a person for payment of entry and/or other event fees and is not honoured by the bank or credit card issuer or payment is subsequently withheld for any reason, a penalty of \$200.00 will be applied. Competition privileges will be suspended until the full amount owing is paid.

8.4. Competitor Entry Form

Entry Forms either printed or electronic should contain the following:

Space for the full name and address of the Driver, full name of Grid Mechanic/Tuner, full names and addresses of the next of kin, with phone number of contact to be notified in case of emergency, kart number, class entered, transponder number, licence number, name of ASN affiliated Club **or Region** the driver is a member of, driver contact mobile phone number, date of birth, email address, acknowledgement of any additional conditions of registration;

Space for the signature of the Driver and parent or legal guardian,

The following statement; “By signing (agreeing to the conditions of) this form, the Driver has agreed that they have read, accepted and understood the Karting Regulations and applicable Club, Series and Event Supplementary Regulations”,

The following statement; “If a Driver is under the legal age of majority, this form must be countersigned (agreeing to the conditions of) by the appropriate parent or legal guardian”.

8.5. Falsification of Entry

An entry containing a false or incorrect statement shall be null and void and the entrant may be deemed in breach of these Regulations and the entry fee shall be forfeited.

9. EVENT REGULATIONS

9.1. Contents of Supplementary Regulations

Each Club or Series shall draft their own Club, Series or Event Supplementary Regulations. Such Regulations shall not conflict with these Regulations.

Event Supplementary Regulations cannot be changed after the start of an event without the approval of the Steward(s).

The Event Supplementary Regulations shall contain at least the following:

THE EVENT: The name, place, and dates of the proposed competition(s). A full description of the proposed competition. A statement that the event organizer is affiliated to ASN and must include the ASN logo.

EVENT ORGANIZER: The name, address, and phone number of the promoters and/or organizers.

THE RACETRACK: The length, number of corners and direction of the course.

EVENT OFFICIALS: The positions and names of the Event Officials.

REGULATIONS: Regulations in force and Precedence of Regulations.

ELIGIBLE ENTRIES AND LICENCE REQUIREMENTS: Driver eligibility and licence requirements.

CLASSES: A listing of all categories of karts stating any supplementary technical regulations and driver entry or licence requirements.

PENALTY POINTS: How Penalty Points will be applied.

CHAMPIONSHIP POINTS AND AWARDS: The method of distribution for championship points and event awards.

ENTRY FEES: The dates of opening and closing of entries and how and where they shall be made, and the penalty for a late entry if applicable and the conditions under which entries may be refused. The amount of the entry fee, the passes provided and the cost of additional passes to the entrants.

REGISTRATION: The times and dates fixed for personnel registration at the track.

TECHNICAL INSPECTION: The method of Technical Inspection being used.

GRID AND PRE-GRID: Clearly define where the Grid and Pre-Grid are and where drivers are allowed to start and warm-up their engines

QUALIFYING PROCEDURES: The method of timing and scoring and how the starting grid is determined.

OFFICIAL NOTICE BOARD: The location of the Official Notice Board.

DESIGNATED FUEL STATION: The location of the fuel station and what type or grade of fuel is required for each class.

REGULATIONS THAT MUST BE SPECIFIED IN THE SUPPLEMENTARY REGULATIONS TO APPLY WHICH INCLUDE:

Which Start signal will be used (Green Flag displayed, or Red Lights turned off)
if the Blue with Red "X" jump start flag is to be used
if a Hot Pit is to be used

OFFICIAL SCHEDULE: The dates and times of the schedule of activities, including Registration, Technical Inspection, the Driver's Briefing(s), Practice, Qualifying and Racing.

Any other regulations not in the Canadian Karting Regulations, Bulletins, Club or Series Regulations that will be in force at the event.

9.2. Unauthorized Practice

During an event, the Organizer shall not permit any entered driver or kart, nor shall the driver or kart participate in, the use of the racetrack at any time other than during the scheduled track sessions for the competition entered. The only exception shall be for specific safety reasons and only with the approval of the Steward(s) and/or Race Director.

9.3. Number of Karts on the Racetrack

The Supplementary Regulations shall determine the maximum number of karts permitted to be simultaneously on the racetrack during track sessions.

The total number of karts on the track for practice, qualifying or racing may only exceed 36 if authorized by Officials.

Karts may be split into groups of approximately equal size for practice, qualifying or racing as specified in the Supplementary Regulations or at the discretion of the Steward(s) and/or the Race Director.

9.4. Combining Classes

If necessary, the Steward(s) and/or Race Director may combine classes. A minimum of 10 entries is required to ensure that a class will not be combined with another class. In a race, the faster class will start at the head of the grid. Combined classes will be scored separately. Junior and Senior classes cannot be combined.

9.5. Starter's Equipment

The Starter shall be located at trackside behind a protective barrier.

The following equipment must be available to the Starter for competitions:

Direct voice communications with the Race Director and Corner Marshals, a complete set of signaling flags according to these Regulations,

A large flip-type signaling board to display 3-digit kart numbers concurrently with specific flag signals.

A FCY (Full Course Yellow) board (yellow board with "FCY" written in black).

If required, a set of starting lights installed according to these Regulations.

9.6. Flags and Signals

Only the flags specified in these Regulations are to be used during competitions. Any other flag signals that may customarily be used locally are not to be used during karting organization competitions.

As a courtesy, the Starter may display to the race leader a "Last Lap" board indicating the driver has started the last lap and it may be displayed to each successive kart during that lap.

9.7. Timing, Scoring, Results

For all races, counting of laps will begin at the end of the last scheduled Formation Lap (unless specified otherwise in the Supplementary Regulations) even if the START signal has not been given by the Starter.

If the Start Signal has not been given Racing has not yet started.

The Organizer shall be responsible for the accurate timing and scoring of the event and the timely publishing of such data. As a minimum the Organizer shall provide to the Race Officials the following information:

Results for each class time trial, heat, pre-final or final must be checked, signed, and time/dated by the Chief Scorer, then checked and signed by the Steward(s) prior to posting on the Official Notice Board or online.

All penalties must be included and noted on the official results by the Steward(s).

9.8. Race Length

The recommended length of races for Regional or National events is indicated below. Cadet or Junior races to be run over a shorter distance when drivers are primarily age 11 or younger.

Qualifying Heats (if held)	From 8 to 15 km	Approximately 10 minutes
Pre-Final Race	From 10 to 20 km	Approximately 15 minutes
Final Race	From 20 to 30 km	Approximately 20 minutes

Race duration may be timed if specified in the Supplementary Regulations. At the conclusion of the time period published on the official schedule, the last lap signal will be shown the next time the leader passes the finish line.

The scheduled race length may only be altered by the Steward(s).

9.9. Race Winner

The display of the CHECKERED flag means the race is finished.

The winner shall be the competitor that covers the scheduled distance of a race in the least time, or the greatest distance within a scheduled time for a race, and at that point receives the CHECKERED flag.

The CHECKERED flag normally shall be displayed first to the winner completing the scheduled distance or time of the race, and then to the other finishers as they cross the finish line.

Should the CHECKERED flag be displayed before the scheduled distance or time has been completed, the official number of laps or time shall be as at the time the CHECKERED flag is first displayed.

Should the CHECKERED flag be displayed after the scheduled distance or time has been completed, the race will be deemed to have finished when, under normal circumstances, the end of the race would have occurred.

9.10. Dead Heats

When using a transponder timing system, and two Karts have their transponders record the exact same time at the finish of the Final race, a dead heat shall be declared, and the competitors shall share equally the higher finishing position concerned. If a dead heat occurs in a Qualifying race or Pre-final the results of Qualifying shall be used to set the grid positions for the subsequent race.

When not using a transponder system and two or more karts cross the finish line at the same time with no perceptible portion of one kart ahead of the others, by a Race Official, it shall be declared a dead heat and the competitors shall share equally the higher finishing position concerned.

The official finishing position of the competitors in a dead heat shall be listed as being the same in the results, and the next position shall not be awarded. The Championship points for each of the competitors involved in a dead heat shall be the average of the points involved.

9.11. Overall Race Finishers

In order to be classified a race finisher, a kart must have completed a minimum of one/half of the total number of laps completed by the winner of the race. Only those laps completed at the time of receiving the checkered flag, or the end of the race, will be counted.

Finishing positions shall be determined according to the number of laps completed regardless of whether or not a kart is running at the display of the checkered flag.

Karts shall be ranked according to the number of laps completed. Karts running on the track at the time the checkered flag is first displayed must pass the checkered flag under their own power after display of the checkered flag in order to be credited with the lap.

Karts that receive the Start Signal and fail to complete the first lap of the race and any laps,

thereafter, shall be classified as failing to have finished the race with a designation of "DNF" in the official results.

Drivers having received a checkered flag must slow down, no passing allowed, and exit the track to the pits and not again pass the finish line, unless directed to do so by the race officials. Unauthorized passing of the finish line will result in a penalty (see Penalty Guidelines document) that is not subject to protest or appeal.

Drivers will be scored in the following order:

Race Finishers

Drivers classified as DNF (Did Not Finish)

Drivers classified as DNS (Did Not Start)

Disqualifications. Drivers who are Disqualified will be scored with 0 points.

9.12. Crossing the Start/Finish Line

A kart crosses the finish line when any portion of the kart first intercepts the vertical plane of the finish line. Pushing a kart, by the driver or another kart, along the track to cross the finish line is prohibited and will entail immediate Disqualification.

9.13. Weighing Scales

The Organizer shall provide scales, on a level pad, able to weigh one kart at a sitting. Such scales shall be the official event scales and the only scales that shall be used.

The only kart weights allowed to be used for official purposes shall be those recorded by the Scale Officials.

The weigh scale will be closed to all competitors once qualifying sessions or racing starts except for official checking as part of the Technical Inspection procedure unless approved by an Official.

The weigh scale official should record in a Scale Log the weights of all competitors that were required to pass over the scale after a qualifying session, heat or race.

The weigh scale official shall record the weight of any competitor in the Scale Log that does not conform to the regulations. The Technical Inspector must be informed immediately. The Technical Inspector will inform the Steward(s) and/or the Race Director so a penalty can be issued. Timing and Scoring and the Race Control Recorder will be informed when the penalty is issued.

If a kart is unable to reach the weigh area by its own means it will be placed under exclusive control of race officials who will supervise its transportation to the weighing area. The driver shall report directly to the weighing area and remain with the kart.

If a kart does not meet the minimum weight on its first attempt, it will be removed from the scale and placed to the side. A Steward and the Technical Inspector must immediately be called to the scale area. The driver must remain with the kart under supervision of an official. The kart and driver will be placed back on the scale for one attempt to re-weigh. The driver must sit in the kart. If the kart does not meet the minimum weight the driver will be Disqualified. No additional attempts to weigh are allowed.

The penalty for a weigh scale violation is Disqualification from the qualifying session, heat or race.

9.14. Noise Level of Karts – (95 dB/A Guideline)

Noise tests are not required to remove a kart from the track in the case of exhaust system failure or by the judgment of Race Officials. Additional noise restrictions may be employed to meet community requirements where necessary.

10. CONDUCT OF RACE EVENTS

10.1. Practice/Testing at an Event

If a driver does not participate in at least one official practice or qualifying session for an event, the Steward(s) and/or Race Director may elect to start the driver at rear of grid or prevent the driver from competing.

10.2. Instructions to Competitors – Driver’s Briefing

Special conditions and/or regulations for the event may be established by the Race Director or the Steward(s).

At all race events, it is mandatory to conduct a Driver’s Briefing. It is mandatory for all drivers (and parents/guardians where applicable) to attend.

Failure for a driver to attend a Driver’s Briefing or being late will waive the competitor’s right of protest for that event. Roll call may be taken and monetary fines may be issued (see Penalty Guidelines document).

10.3. Qualifying for a Race

- a) **Driver of Record:** To be considered the driver of record for an event, a competitor must qualify their kart (if applicable) and/or complete at least one racing lap of an event. There are no driver substitutions or relief drivers allowed.
- b) **Transponders:** All karts must meet the requirements for the mounting of a transponder. The transponder must be fitted in accordance with the ASN Technical Regulations.
- c) **Transponder Responsibility:** Drivers must arrange to have a transponder at an event. Drivers are responsible to install a timing transponder on their kart prior to each practice, qualifying session, heat or final race as specified in the Supplementary Regulations.

It is recommended that drivers purchase their own transponders.

- d) **Qualifying Procedures:** Karts will qualify with the method specified in the Supplementary Regulations or by the Steward(s). Race conditions apply.
- e) Not following qualifying procedures may result in a penalty.
- f) A driver may not leave the track and enter the pits, paddock or grid and return during a qualifying session.
- g) Should one or several drivers achieve the same time, the tie will be settled on the basis of the second- best time, and so on. No method of adjustment is allowed to equalize the qualifying results if they are affected by changing weather conditions or force majeure
- h) Drivers will enter the track from pre-grid only on a first-come, first-served basis. A driver can join their designated qualifying session at any time prior to the Checkered Flag.

It is race conditions. No contact. No defensive moves or blocking. Choose your line. Give racing room. Find your own clear space.

10.4. Pre-Grid, Grid and Starting Positions

If specified in the Supplementary Regulations, karts can be required to come to the Pre-Grid with the Front Fairing off the kart. The Front-Fairing would then be mounted under supervision of an Official.

An Official can request that a Front-Fairing that is already installed be removed and re-mounted.

The karts placed on the Grid must be ready to race. It is strictly forbidden to carry out any work and/or set-up on the kart on the Grid, with the exception of tire pressures, which can be adjusted by the Driver or their Mechanic by their own means.

Unless specified otherwise in the Club, Series or Event Supplementary Regulations, competitors shall be positioned on the Grid in the order of their qualifying results.

The pole position driver can make the choice of the pole position (on the left or right side of the track) providing the driver advises the Grid Marshal upon arriving at the Grid. The Grid Marshal shall then inform the Starter and the Race Director. This choice will only modify the first row.

If the driver does not advise the Grid Marshal of their choice the pole position shall always be as follows;

When the first turn after the start is to the right, the pole position shall be on the right.

When the first turn after the start is to the left, the pole position shall be on the left.

All karts must be in their designated position on the Grid prior to the ONE MINUTE signal from the Grid Marshal. The ONE MINUTE signal will not be delayed waiting for missing karts.

If a kart does not leave the Grid with the rest of the field and officials do not think the kart will be able to catch the field before the Start Signal is given and may interfere with the start procedure, the kart will be held on the Grid and released after all karts have passed the pit exit. If the Start Signal has not been given the kart shall remain at the rear of the field for the start of the race. **If the Start Signal is given, the kart may join at the rear of the field after all karts have passed the pit exit. If the driver has not crossed the timing and scoring loop, the Timekeeper may adjust the drivers position so they are not a lap down.**

10.5. To Be Considered a Race Starter

Any driver who is present, with their kart, on the grid within the time limit will be considered as a starter.

10.6. The Rolling Start Procedure

a. The Formation Line

There will be a marked Formation Line on the racetrack. Typically, the Formation Line shall be located no less than 2 corners prior to the Start Area. The Formation Line will also be indicated by soft cones (1 cone on each side of the track).

b. The Start Area

The Acceleration Line shall be painted 25 m prior to the Start Line. The Acceleration Line will also be indicated by soft cones (1 cone on each side of the track).

c. The Formation Lap

On the formation lap(s) all Marshal posts will display Yellow Flags.

Upon leaving the Pre-Grid, drivers must maintain their starting grid order at all times.

Any driver who is passed by the entire field must remain at the rear of the field for the start of the race.

Passing is not permitted unless a driver becomes out of position on the track. Such drivers are allowed to regain their position only prior to reaching the Formation Line.

If a driver fails to regain their position prior to reaching the Formation Line, they must blend into the closest available row regardless of how far back from their grid position they are. Drivers in this row are obliged to open up enough space to let the out of position driver blend in.

After passing the Formation Line karts may move up in their own row to fill vacant spaces ahead of them. Karts may not move to an adjacent row to fill a vacant space at any time.

It is prohibited to warm the tires by swerving back and forth (tire scrubbing) after crossing the Formation Line.

d. Pole Position Drivers Responsibility

From the Formation Line to the Start Area, the DRIVER IN THE POLE POSITION KART sets a "slow" and constant pace.

e. Drivers may NOT accelerate until passing the Acceleration Line

The two front row karts must maintain a reduced and constant speed (45 kph is recommended) to the Acceleration Line. The DRIVER IN THE POLE POSITION KART must cross the acceleration line first.

After crossing the Acceleration line, The DRIVER IN THE POLE POSITION KART may choose when to accelerate. After accelerating, the DRIVER IN THE POLE POSITION KART may not decelerate or check-up.

f. Approaching the Start Area

Drivers must maintain position in their own lane in the Start Area and are not allowed to pass until the Start Signal is given. Any driver leaving the formation of the grid before the Start Signal is given is liable to receive a penalty.

A driver who fails to maintain the speed of the pack during the approach to the Start Area is liable to receive a penalty.

A driver putting 2 wheels out of their marked lane prior to the Start Signal being given is liable to receive a 3 second time penalty.

A driver completely leaving their marked lane prior to the Start Signal being given is liable to receive a 5 second time penalty.

g. The Start Signal

The decision to start the race is made by the Starter alone.

A driver may only commence racing when the START Signal (Green Flag displayed or Red Lights turned off) is first shown by the Starter.

If the Starter is not satisfied with the procedure, a Yellow Flag or Amber (Yellow) Lights will be displayed by the Starter, and all Marshal posts will display a Yellow Flag.

h. If No Start Signal is Given

If the formation is not satisfactory, one more Formation Lap will be completed. Counting of laps will begin at the end of the last scheduled Formation Lap (unless specified otherwise in the Supplementary Regulations).

If the Start Signal has not been given Racing has not yet started.

Drivers will reform by the Formation Line. A driver who did not regain their position before the Formation Line on the first attempt at a start may try and regain their position. If a driver fails to regain their position prior to reaching the Formation Line, they must blend into the closest available row regardless of how far back from their grid position they are after crossing the Formation Line. Drivers in this row are obliged to open up enough space to let the out of position driver blend in.

The DRIVER IN THE POLE POSITION KART sets a "slow" and constant pace.

Drivers may NOT accelerate until passing the Acceleration Line.

The two front row karts must maintain a reduced and constant speed (45 kph is recommended) to the Acceleration Line. The DRIVER IN THE POLE POSITION KART must cross the acceleration line first.

If the second formation is not satisfactory, a Red Flag may be displayed in all corners. Drivers deemed to have caused an improper start may be penalized and placed in a revised position on the grid for the next start.

i. Starting Penalties

If the Pole Position kart has not crossed the Acceleration Line first, and the Start Signal is given, **jump start** penalties may be applied to the **Off-Pole Position kart**.

Any false or jump start may subject the violators to a penalty.

A jump start exists when a kart is clearly visible ahead of the kart on the same starting row. The kart that is ahead may not have jumped the start.

Starting violation time penalties are added to the competitors finishing time.

See the Penalty Guidelines document which lists standard penalties.

Start procedures and start penalties are not subject to protest or appeal.

j. Jump Start Procedures

The following regulation can be used if specified in the Supplementary Regulations.

The Jump Start flag (Blue with Red X) or Jump Start board with kart number may be displayed by the Starter as soon as possible to a driver who has been penalized for a jump start. Should that driver make an immediate conscious effort to relinquish any advantage and/or positions gained because of the jump start, officials may void the penalty at their discretion.

10.7. The Standing Start Procedure

For Classes cited in the Supplementary Regulations.

a. The Starting Grid

b. The Formation Laps

Standing Start races shall have two formation laps.

Drivers who fail to regain their position during the formation laps must start at the rear. A driver may regain their position prior to reaching the Formation Line on the second formation lap.

On the second of the formation laps, Marshal posts will display Yellow Flags.

c. Grid Formation

At the on-track Start Line a Red Flag will be displayed. Drivers are responsible for stopping exactly in their official grid position. When all karts are completely stopped on the grid, a Green Flag will be displayed at the end of the grid, then the Red Flag will be removed.

d. The Start Signal with Lights

The decision to start the race is made by the Starter alone.

A driver may only commence racing when the Start Signal is first shown by the Starter.

When the Starter is satisfied that everything is ready for the start, the Starter will display the Red Lights. The Red Lights will be turned off to start the race between three (3) and eight (8) seconds. When the Red Lights are turned off, racing has begun.

If the Starter is not satisfied with the procedure, the Starter will switch on the Amber (Yellow) Lights, or the Yellow Flag will be displayed which means that an additional formation lap must be covered.

At the Starters discretion, the karts may be sent around for an additional formation lap for any reason.

e. The Start Signal with Flags

The decision to start the race is made by the Starter alone.

A driver may only commence racing when the Start Signal is first shown by the Starter.

When the Starter is satisfied that everything is ready for the start, the Starter will raise a Green Flag and a Yellow Flag. The Green Flag will be displayed to start the race between three (3) and eight (8) seconds. When the Green Flag is displayed, racing has begun.

If the Starter is not satisfied with the procedure, the Yellow Flag will be displayed which means that an additional formation lap must be covered.

At the Starters discretion, the karts may be sent around for an additional formation lap for any reason.

f. Additional Standing Start Procedures

All karts must be aligned in their start box; **the front fairing can be ahead of the line but may in no case extend beyond the leading edge of the line.**

Should a driver stop outside their grid position a penalty will be applied. The start procedure may be stopped, and the offending driver may be moved to the rear of the field.

Drivers who stall their engine on the grid before the start is given must raise their hands clearly above their

head and remain stationary in their seat. Any driver who gets out of their seat or attempts to restart stalled kart(s) at this point in the starting procedure will be penalized.

Should a kart or karts stall on the grid the Starter may abort the start. If the start is aborted the Amber (Yellow) Lights or Yellow Flag will be displayed and an additional formation lap must be covered. Stalled karts may be restarted only by the driver after the rest of the field has departed on the new formation lap.

Restarted karts can join at the back of the grid. If a stalled kart does not restart after one attempt, it is the driver's duty to place the kart as far as possible off the traveled portion of the track and move to a place of safety.

Karts may move up in their own row to fill vacant spaces ahead of them on the starting grid. Karts may not move to an adjacent row to fill a vacant space.

After the Start Signal has been given stalled karts may attempt to re-start only after all other running karts have left the starting grid and passed the start line.

g. Starting Penalties

Any driver leaving the formation of the grid before the Start Signal is given shall be considered to be jumping the start and shall be subject to a penalty.

A jump start exists when a kart is clearly visible ahead of the kart on the same starting row or moves prior to the start signal being given.

Starting violation time penalties are added to the competitors finishing time.

See the Penalty Guidelines document which lists standard penalties.

Start procedures and start penalties are not subject to protest or appeal.

11. GENERAL RACING CONDUCT

11.1. Re-starting Karts

- a) Should a kart stop on the racetrack whether the engine is running or not, and there is no perceived imminent danger, the driver has one attempt to restart the kart without assistance other than from officials. The driver is responsible to move the kart to a location designated by officials. The officials may provide assistance but are not obliged to do so.

Should a kart stop on the racetrack, whether the engine is running or not, the officials may order the kart to be removed immediately for safety reasons. Once ordered removed, a kart may not rejoin the track session.

In the opinion of the officials, should the one attempt to restart appear to be unsuccessful or is taking too much time, or possibly endangering the driver or others, the kart is to be removed from the track when the driver is instructed to do so by the officials.

- b) **For Practice, Qualifying and Race Sessions:** If a kart is taken to the pit or paddock area, it is not permitted to rejoin the track unless the Supplementary Regulations for the event state otherwise.

Failure to follow the regulations above and/or instructions from the officials may result in penalties including loss of times, Disqualification, and additional penalties.

The regulations above are not subject to protest or appeal.

11.2. Full Course Yellow

The following regulation can be used if specified in the Supplementary Regulations and if it is explained during the Drivers Briefing.

- a) The Race Director may decide to declare a Full Course Yellow (FCY) during a Race. This procedure will be used only if the Track is obstructed, or if the Drivers or Officials are in immediate physical danger, but the circumstances are not sufficient to justify stopping the Race.
- b) When the FCY is declared, all Marshal Posts will display single waved yellow flags. The Starter and designated Marshal Posts will display a FCY board (yellow board with "FCY" written in black), which shall be maintained until the FCY is over.
- c) All karts must line up in single file behind the leading kart, and overtaking is strictly forbidden. Overtaking will be permitted only if a kart slows down because of a serious problem.
- d) During the FCY, the leading kart will dictate the pace, at a moderate speed, and all other karts must remain in as tight a formation as possible.
- e) When the Race Director decides to end the FCY, a One Lap to Go Signal will be displayed by the Starter to inform the Drivers that the Race will resume the next time past the Start Line. In the last FCY lap, the FCY boards will be maintained, and immobile yellow flags will be shown.
- f) The leading kart will continue to set the pace, at a moderate and constant speed. The Starter will signal the resumption of the Race by means of a waved green flag at the Start Line. Overtaking will remain prohibited until the karts have crossed the Start Line at the end of final FCY lap. At the Marshal Posts the yellow flags and the FCY boards will be withdrawn and replaced with waved green flags.
- g) Each lap completed during the FCY will be counted as a racing lap.
- h) If the race finishes during the FCY, the karts will take the checkered flag as usual. Overtaking will be permitted only if a kart slows down because of a serious problem.

11.3. Stopping/Re-starting a Race

- a) Procedure to Stop a Race: Should it be necessary to stop a race for any reason; the Red Flag will be shown by the Starter at the Start/Finish line on order of the Steward(s) and/or Race Director only. All Marshal posts will display a Red Flag to indicate the race has been stopped. Waved Yellow Flags will be displayed at the Marshal post closest to the accident if applicable.

It is the responsibility of all drivers to immediately slow down, stop racing. No passing is allowed. Exercise extreme caution. Be prepared to stop if instructed to do so at any location.

The kart may not be worked on by the driver or the mechanic/tuner when it is stopped during a Red Flag situation, regardless of its stopped position unless there is a complete Re-Start. Drivers must stay with their karts unless directed otherwise by an official. Mechanics/tuners may not attend a stopped kart unless approved by an official.

If a kart needs to return to the pit lane for repairs in order to participate in the race re-start, such repairs must be authorized by the Officials. The kart must then start from the back of the grid or from the pit lane at the back of the field. If more than one kart is starting from the back, the driver with the higher original starting position will start ahead of a driver with a lower starting position.

Drivers may take refreshment during a Red Flag if authorized by Officials.

- b) **Complete Re-Start After a Red Flag:** If one lap or less, or less than two laps have been completed by the leader a new start will be given using the original grid positions in rows of two. The length of the new race will be the full original race distance.

The kart may be worked on by the driver alone without the use of tools when it is stopped on-track during this Red Flag situation if authorized by an Official. This includes putting a Front-Fairing Push Back Bumper back in position.

Karts may move up in their own row to fill vacant spaces ahead of them on the starting grid if a kart that took the original start is not rejoining the race or is starting at the back after returning to the pit lane for repairs. Karts may not move to an adjacent row to fill a vacant space.

- c) **Red-Flag Re-Starts:** If a Red Flag is issued during a race, and the race is to be re-started, the driver(s) causing the Red Flag may be penalized. If the Race Director and/or the Steward(s) determine, by the information available, that the Red Flag incident was deliberately caused, then the participant(s) deemed to have caused the red flag incident are subject to Disqualification. Driver(s) involved but not causing an incident that caused the Red Flag can restart in their original starting position if they have not returned to the pit lane for repairs.

If two or more laps have been completed by the leader, the re-start order will be single file formation according to positions on the previously scored complete lap. From the Formation Line to the Start Area, the DRIVER IN THE FIRST POSITION KART sets a "slow" and constant pace. Drivers may NOT accelerate until passing the Acceleration Line.

Repairs to a kart that has been returned to pit lane may be carried out by no more than three people, including the driver. The driver of any repaired kart must start at the back of the grid. Drivers involved in the incident causing the Red Flag to be displayed requiring medical intervention may take the restart only if cleared by medical personnel.

The restart will occur as soon as the karts are placed in the correct order and clearance to resume racing is given to the Race Director by medical personnel, if required. The start will not be delayed to allow repair of damaged karts or for drivers to obtain medical clearance to rejoin the race.

If the Race Director, in consultation with the Steward(s), decides to return all karts to the paddock area after a Red Flag prior to the completion of two laps by the entire field of lead lap karts, when the restart occurs all drivers are eligible to resume their original grid positions.

- d) **Scoring A Stopped Race:** A race that is stopped after 50% of the scheduled laps have been completed may be considered complete at the discretion of the Officials.

A race that is stopped by the Officials before 50% of the scheduled laps have been completed, for any reason, can be declared complete.

If the race is stopped by a Red Flag and is not re-started, the race order will be scored according to official positions on the previous completely scored lap.

The driver(s) causing the Red Flag occurrence may be penalized.

11.4. Effect of Stopping a Race That is Not Re-started

Series points shall be awarded on the following scale:

Laps Completed	Status	Points Award	
		Qualify	Race
0 to 2 laps	if cancelled	100%	0%
3 laps to 50%	if cancelled	100%	0%
3 laps to 50%	If declared complete	100%	50%
51% to 100%	completed	100%	100%

11.5. Point Systems

Point scoring system for Series events will be specified in the Supplementary Regulations. Organizers of Regional and/or Club events are responsible for developing and publishing points scoring systems. In the event of a tie in the year-end points total, the tie will be broken as follows:

- the holder of the greatest number of first places in **Finals**;
- if the number of first places is the same, the holder of the greatest number of second places in **Finals**;
- if the number of second places is the same, the holder of the greatest number of third places in **Finals** and so on until a winner emerges.

11.6. Points System Charts

Point scoring methods for an Event, Series or Championship will be specified in the Supplementary Regulations. Events, Series or Championships may use the following charts.

Qualifying

Position	Points	Position	Points
1	15	6	5
2	10	7	4
3	8	8	3
4	7	9	2
5	6	10	1

Pre-Final or Heats

Position	Points	Position	Points	Position	Points
1	25	6	11	11	6
2	20	7	10	12	5
3	18	8	9	13	4
4	15	9	8	14	3
5	12	10	7	15	2

Final Race

Position	Points	Position	Points	Position	Points
1	100	6	45	11	20
2	85	7	38	12	17
3	72	8	32	13	14
4	61	9	27	14	12
5	52	10	23	15	10

Races with Qualifying Heats

All entries must participate in Qualifying for their class.

All entries must participate in all designated Qualifying Heats for their class. A driver who is not considered to be a Race Starter in all Heats they were designated to start in can't start in the Pre-Final.

Qualifying positions will determine the starting grid for all Heats.

The winner of each Heat scores 0 points, 2nd place scores 2 points, 3rd place scores 3 points and so on.

A non-finisher receives points for their finishing positions plus one. For example, if the 30th placed driver is a non-finisher, the driver will score 31 points.

If two or more drivers have the same point total, the driver with the faster qualification time will be scored ahead of the driver with the slower time.

Point standings based on the combined results of all Heats will be posted.

The driver with the lowest point total starts the Pre-Final in pole position. The driver with the second lowest point total starts second and so on.

A driver who is not considered to be a Race Starter in the Pre-Final can't start in the Final.

The finishing positions in the Pre-Final will determine the starting grid for the Final.

The finishing positions in the Final will determine the overall finishing positions.

11.7. Penalty Points

Penalty Points (PPT) can be issued at standalone Events and at Club or Series Championships consisting of multiple races.

Drivers reaching a pre-defined number of Penalty Points will be issued additional penalties as defined in the Event, Club or Series Supplementary Regulations.

For Club or Series Championships, the Penalty Points would be totaled after each event. If a driver reaches the pre-determined total that triggers an additional penalty, the additional penalty would be applied at the next event the driver enters.

Additional penalties can include monetary fines, grid/position penalties, loss of championship points, disqualification from an event, suspension (including race bans), exclusion from any type of participation, withdrawal of licence and probation.

Penalty Points issued to a driver at an event shall be noted on the Official Results e.g., 5 PPT.

Violation	PPT
Participant Behaviour	
Unsportsmanlike Conduct	10
Abuse (physical or verbal) of another competitor or official	10
Disobeying instructions from, refusing to cooperate with, interfering with or obstructing the action of an official	10
Flag Signals	
Pass under Yellow Flag	3
Disobey Black Flag or Black Flag with Kart Number	10
Disobey Blue Flag	3
Disobey Black Flag w. Orange Disk	5
Driver Conduct	
Deliberately causing a Red Flag	5
Driving a kart in restricted/pit or paddock including public roads	3
Driving Counter-race	3
Short cutting the track whether and advantage is gained or not	3
Gain of position or advantage by driving off marked racetrack	3
Appearance of lack of control of a kart including leaving the marked track, jumping up in the seat, looking away from the direction of travel, ducking of the head behind the steering wheel while looking down	3
Being a hazard to other competitors	5
Preventing or impeding a legitimate passing maneuver	5
Having caused a collision intentionally or unintentionally	5
Forcing another driver off the track intentionally or unintentionally	5
Gain of position from contact	5
Front Fairing Push Back Infractions	
Front Fairing Push Back: touching nose cone/front fairing	5
Front Fairing Push Back: nose cone/front fairing not in correct position, one side pushed back.	5
Front Fairing Push Back: nose cone/front fairing not in correct position, both sides pushed back.	5

11.8. Wet and Dry Race Procedures

The use of dry tires is mandatory unless a race is declared WET.

- d) **Wet Race:** If the Officials declare the race to be a WET RACE, all karts on the Pre-Grid or Grid on dry tires will be allowed 15 minutes to change to wheels upon which wet tires are already mounted if desired.

Once a race is declared WET this applies to all subsequent classes. No additional notice is required to be given. Karts may make whatever chassis adjustments that can be completed within the 15-minute period. The choice of wet or dry tires will be decided by the individual driver. The Officials reserve the right to use the Black Flag if it is deemed that a kart is too slow or is interfering with other drivers due to the use of inappropriate tires for the track conditions.

- e) **Stopping A Dry Race Due to Rain:** If a race is started in the DRY, and it starts to rain on all or part of the course prior to completion of 50% of the scheduled race length, the Officials are empowered to use the procedures for Stopping/Re-starting a Race in these regulations.

If the race is to be declared WET and restarted, 15 minutes shall be allowed for changing to wheels with rain tires already mounted if desired. Once a race is declared WET this applies to all subsequent classes. No additional notice is required to be given. Karts may make whatever chassis adjustments that can be completed within the 15-minute period.

11.9. Procedure at The End of a Qualifying Session or Race

No person, except Officials, may approach a driver or kart for any reason until the driver and kart has passed across the scale or has been given permission to leave the scale area. If a driver is approached, it may result in a penalty being issued. If a driver requires assistance, permission must be obtained from an Official. Permission must be requested every time it is required. Failure to request permission may result in a penalty being issued (see Penalty Guidelines document).

11.10. Podium Procedure and Dress Code

Drivers who achieve a podium finish must wear their driver suit to the award ceremony. The suit must be worn as designed and not tied around the waist. Sponsor caps may be worn in addition to normal racing attire. Driver's not wearing their driver suit or not attending the podium or award ceremony may be subject to penalty, including monetary fines, loss of awards, loss of points or Disqualification unless prior notice is given to an event official or the event organizer that they are unable to attend (see Penalty Guidelines document).

12. FLAG SIGNALS

These flag signals are used at all sanctioned events. **Flags can be replaced or augmented by lights.**

<p>Green</p>		<p>Used by the Starter to start all track sessions and races, and sometimes by corner Marshals to indicate that the track is clear. Some races may be started by using a light system.</p>
<p>Yellow</p>		<p>Any YELLOW flag is a signal of danger of any nature at or beyond the post displaying the flag. NO PASSING.</p>
<p>Yellow Zone</p>	<p>YELLOW flags should normally be shown at the marshals' post immediately preceding a hazard. The YELLOW ZONE starts at the location of a projected line perpendicular to the first YELLOW flag being displayed. Any overtaking attempt before entering the YELLOW ZONE must be completed before this projected line.</p> <p>Overtaking is not permitted in the YELLOW ZONE between the first YELLOW flag and the location of a projected line perpendicular the GREEN flag displayed after the hazard.</p> <p>A driver may not gain an advantage while in the YELLOW ZONE.</p> <p>The following regulation can be used if specified in the Supplementary Regulations to replace the second paragraph.</p> <p>Overtaking is not permitted in the YELLOW ZONE between the first YELLOW flag and the location of a projected line perpendicular to the end of the hazard.</p> 	
<p>Yellow Motionless</p>	<p>Take care, Danger, Slow down. NO PASSING FROM THE YELLOW FLAG UNTIL PAST THE YELLOW ZONE.</p> <p>Note: A driver may encounter several YELLOW flags before reaching the hazard. The requirements are the SAME, SLOW DOWN, NO PASSING.</p>	
<p>Yellow Waved</p>	<p>Great Danger, Slow Down. Be prepared to stop. NO PASSING FROM THE YELLOW FLAG UNTIL COMPLETELY PAST THE YELLOW ZONE.</p> <p>Note: AT AN EMERGENCY AREA, THERE MAY BE MULTIPLE KARTS INVOLVED IN AN INCIDENT.</p>	

<p>Full Course Yellow (FCY)</p>	<p>When the FCY is declared, all Marshal Posts will display single waved YELLOW flags. The Starter and designated Marshal Posts will display a FCY board (yellow board with "FCY" written in black), which shall be maintained until the FCY is over. See section 11.2 for the full procedure.</p>
<p>Red Flag at Start/Finish and Red All Posts</p>	<div style="display: flex; align-items: center;">  <div> <p>Should a decision be made to stop any track session, including a race, because of an accident or an incident, a RED flag will be shown at the Start/Finish line and simultaneously each corner post will display a RED flag.</p> <p>During a practice session it is the responsibility of all drivers to immediately slow down, no passing is allowed, exercise extreme caution, be prepared to stop if instructed to do so, proceed to the pit lane and STOP.</p> <p>During a qualifying or race session it is the responsibility of all drivers to immediately slow down, stop racing, no passing is allowed, exercise extreme caution, be prepared to stop if instructed to do so, proceed to the start/finish line and STOP.</p> <p>If a RED flag is shown during a qualifying or race session, repairs may be performed on a kart as allowed by the regulations if authorized by an Official.</p> </div> </div>
<p>Blue Flag Motionless</p>	<div style="display: flex; align-items: center;">  <div> <p>Another competitor is following you very CLOSELY.</p> </div> </div>
<p>Blue Flag Waved</p>	<p>This flag should normally be waved, as an indication to a Driver that they about to be overtaken. The overtaken driver must keep his racing line but making sure he leaves enough space to let the overtaking driver to pass. Failure to obey the BLUE flag may result in the BLACK Flag with kart number being shown and additional penalties may be issued.</p>
<p>Yellow Flag with Red Stripes</p>	<div style="display: flex; align-items: center;">  <div> <p>Advise drivers to take care. Used to indicate a slippery surface such as the presence of oil, water and/or debris on the surface</p> </div> </div>
<p>White Flag</p>	<div style="display: flex; align-items: center;">  <div> <p>This flag should be waved and is used to indicate to the Driver that there is a much slower vehicle on the sector of track controlled by that flag point.</p> </div> </div>
<p>Black & White Triangle, with Kart Number</p>	<div style="display: flex; align-items: center;">  <div> <p>Warns the driver of unsportsmanlike or unsafe conduct and that a penalty may be pending.</p> </div> </div>
<p>Black Flag, with Kart Number</p>	<div style="display: flex; align-items: center;">  <div> <p>Informs the driver to complete the current lap and stop for consultation at the pits, or at a location designated by the Steward(s) or Clerk of the Course/Race Director.</p> <p>A driver who fails to obey this flag after it has been displayed twice will be Disqualified from the results and additional penalties may be issued.</p> </div> </div>

<p>Black Flag with Orange Disk, With Kart Number</p>		<p>Informs the driver of a mechanical problem likely to cause danger and to reduce speed and stop at the pits.</p> <p>Failure to obey this flag may result in a BLACK flag with kart number being shown, the driver will be Disqualified from the results and additional penalties may be issued.</p>
<p>Checkered Flag</p>		<p>This flag must be waved. It signifies the end of a practice session or a race.</p>
<p>Blue with Red "X"</p>		<p>Shown to a driver who has been given a jump start penalty.</p> <p>Should that driver make an immediate conscious effort to relinquish any advantage and/or positions gained because of the jump start, officials may void the penalty at their discretion.</p> <p>This flag is unique to karting and may only be used at events if specified in the Supplementary Regulations.</p>

12.1. Marshal (Observation) Posts

Each post should be provided with a set of signaling flags comprising: 1 - Yellow, 1 - Green, 1 - Red. An additional Yellow, 1 - Black, 1 - Yellow with Red Stripes may be provided. 1 – Blue may be provided and used only under instruction from the Officials. Marshals and observers must normally remain behind a protective barrier while performing their duties. **Designated Marshal Posts will have a FCY (Full Course Yellow) board (yellow board with "FCY" written in black).**

12.2. Flag Size

The minimum size of all flags is 60 cm x 80 cm except the Red and Checkered flags which shall be at least 80 cm x 100 cm

13. RULES OF THE PITS, PADDOCK AND GRID

13.1. Penalties

Penalties applied for violation of regulations in this section are not subject to protest or appeal.

13.2. General

At and after the start of any race, the pit lane must be clear.

Signaling to drivers on the track is done only by Race Officials.

Participants signaling to drivers from anywhere trackside is not permitted.

Mechanics/tuners working in the pit area must be clean and fully clothed at all times. Open-toe shoes are not allowed in the Pit Lane.

Mechanics/tuners shall not sit on any pit wall during any track session.

Animals of any kind are not permitted in the pit or on the marked racetrack. Animals in the paddock must be leashed and restrained.

Smoking or vaping is not permitted at any time in the pits, pre-grid and grid or at Marshal posts.

13.3. Quiet Rule - Running of Engines Prohibition

Running of engines on the track property is prohibited at all times except for the following:

- a) The starting up, running in, warming up or testing of engines can only be carried out in an area designated in the Event Supplementary Regulations.
- b) Upon a signal from the Officials Engines may be started for one 10 second period in the designated area prior to an on-track session.
- c) Anyone needing to run their engine due to mechanical issues must take the kart to the Technical Inspection area and get permission from Technical Inspector.

13.4. Pit Lane and Track Entry and Exit Speed Limit

- a) Burnouts or practice starts are not permitted anywhere.
- b) Drivers must always drive at reduced speed and use extreme caution when driving in the track entry lane, exit lane or when approaching the scale area.
- c) A speed limit may be imposed.
- d) Any driver deemed to be driving with excessive speed by an Official may be issued a fine and/or another penalty (see Penalty Guidelines document).

13.5. Pit Stops

When the Supplementary Regulations permit work to be done when a kart stops in the pit lane;

- a) No more than 3 people, including the driver, even if the driver remains in the kart, shall touch the kart, or in any other way whatsoever provide assistance.
- b) In the case of a driver change, such as during endurance events, a driver being replaced may assist the replacing driver to prepare for driving but may not work on the kart in any other way. Should a driver participate in the servicing of the kart in any way, the rule of 3 people applies.
- c) The addition of any fluids to a kart during a race is prohibited, except during endurance races.

It is the responsibility of the mechanic/tuner to notify the pit Marshals immediately of any liquid spills and to assist in their cleanup.

13.6. Refueling

Refueling in the pit lane is prohibited during any track session. Karts are to be refueled in the paddock area only. Karts may not be refueled on the Grid or Pre-Grid. During any refueling, the engine must be stopped, and the driver must vacate the kart.

During endurance races, karts may be refueled in the pit lane if the procedure is permitted in the Event Supplementary Regulations.

13.7. Devices in the Pre-Grid and Pit Lane

Generators and air compressors are not permitted in the pit lane.

Compressed gas cylinders must have a protective structure around their gauges and valves when in the pit area. High pressure cylinders must remain upright and properly supported.

Tools which may by their use may cause flame, sparks or a high temperature are not permitted.

13.8. Driving in the Pits or Paddock

It is not permitted to drive a kart under power anywhere on the track property except in the pit entry or exit lanes and on the racetrack when permitted by the event schedule. Karts may not be driven from the paddock or pre-grid area to the grid area.

13.9. Devices in Paddock or on Racetrack

Devices such as golf carts, motorcycles, scooters, bicycles, skateboards, razors, toy cars may be prohibited in the paddock and are prohibited on the racetrack. Approved official vehicles for specific purposes are exempted.

13.10. Restricted Areas

The racetrack infield, the perimeter of the racetrack the Technical Inspection and Scale Areas, Race Control and Steward(s) offices are restricted areas and accessible only to Officials.

13.11. Pre-Grid, Grid Area, Hot Pits

Access to the Pre-Grid or Grid area and pit lane is only available to participants when their class is running.

One mechanic/tuner with the appropriate Credential is allowed on the Pre-Grid or Grid with each driver. Entry to the grid areas is strictly under control of the race officials and failure to comply with their directives will subject violators to immediate removal from the restricted/pit area and possible suspension of licence, credential, or membership privileges.

Where "hot" pit area is necessary for conduct of event, all regulations regarding grid area apply. If a "hot" pit is to be used at an event, procedures must be outlined in the Event Supplementary Regulations. Adjustments or repairs may only occur in the Paddock or the designated Repairs Area.

14. COMPETITOR CONDUCT ON THE RACETRACK

14.1. Driver Conduct on the Racetrack

- a) No kart, other vehicle, or person is permitted on the racetrack and its verges at any time during an event without permission from the Race Director.
- b) Drivers entering the racetrack from the pit lane shall first receive permission to do so from the pit exit Official (or obey the pit exit lights if used) and be prepared to slow significantly or stop if requested.

Notwithstanding having received permission to enter the track from the pits, drivers shall keep to the side of the track from which they are entering and must satisfy themselves that the track is clear of oncoming karts before entering the main path of traffic, and shall yield the right-of-way to oncoming traffic, and not interfere with the path of other karts.

It is not permitted to drive a kart, at any time, in the opposite direction of traffic. Infractions of this Regulation may mean immediate Disqualification.

- c) Drivers shall drive in a manner compatible with general safety respecting at all times the right of competitors to space marked on the racetrack.
- d) It is the responsibility of all drivers to avoid physical contact between karts on the racetrack.

Only the marked racetrack surface and any curbing may be used by drivers. A penalty may be applied for short cutting the track whether an advantage is gained or not including Disqualification.

The painted lines defining the track edges are considered to be part of the track, but curbs are not. If there are no painted lines, the track edges are the extent of the paved surface. A driver will be judged to have left the track if no part of the kart remains in contact with the track.

- e) If a kart stops on the track, it is the driver's duty to place the kart as far as possible off the traveled portion of the track.
- f) Except for medical or safety reasons, the driver must move to a protected place as instructed by officials until the end of the practice, qualifying or racesession. The driver may only return to the pit lane or paddock before the end of a session with permission from officials.
- g) The driver of a stalled kart should raise one or both arms to indicate that the kart will not move until the track is clear.

Any driver who has left the marked track with all four wheels must respond so as to regain control of the kart, stop if necessary, and without driving against the direction of the racetrack, rejoin the track at the nearest point to that where the exit occurred, compatible with safety, and obey the directions of the track Marshals in the area.

- h) A driver who goes off the marked track, in the presence of track Marshals or not, and attempts to return to the track and in doing so causes a disadvantage to another competitor or gains an advantage themselves is subject to penalty.
- i) The repetition of serious mistakes or the appearance of a lack of control over the kart may entail Disqualification or other penalty of the driver involved. This includes leaving the marked track, jumping up in the seat, ducking of the head behind the steering wheel so as not being able to see the track in front.
- j) The Officials may order any kart removed from the racetrack which, in their opinion constitutes a hazard to other competitors. Such action is not subject to protest or appeal.
- k) The driver alone may repair the kart on the course provided it is safe to do so. The kart must be placed in a safe location. The driver must not receive any physical assistance. This does not preclude assistance by track Marshals for safety reasons. It is forbidden to take any tools and/or spare parts on board the kart.
- l) When exiting the track, the driver must signal by raising an arm. Failure to raise an arm may result in a fine being issued (see Penalty Guidelines document).

- m) A driver must not cross over and must stay within the limits of the track exit line if one exists with all four wheels.
- n) A driver may not improve or maintain a race position by entering or traversing through the pits, regardless of whether or not a stop is made.

14.2. Passing Other Competitors on the Racetrack

- a) Corners and curves, as well as the entry and exit zones thereof may be negotiated by drivers as they wish, within the limits of the marked track. Overtaking, according to the circumstances, may be done on the right or on the left.
- b) The responsibility for the decision to pass another kart rests with the overtaking driver. However, this will not relieve the overtaken driver from the responsibility for the safe passing of another kart. The overtaken driver must not block. Deliberate crowding of a kart towards the edge of the track or any other dangerous change of direction, are strictly prohibited. Both the overtaking driver and the overtaken driver must provide each other Racing Room.
- c) **Racing Room is defined as leaving at least one kart width between the edge of the track and the kart alongside. This applies when two karts are side by side or when one kart is attempting to overtake another. Drivers must avoid physical contact with other karts and ensure their actions do not force other drivers off the track or into unsafe situations.**
- d) Drivers are obliged to heed the flag signals displayed around the track. Failure to respond to a flag signal is a serious violation of these Regulations.
- e) Any driver driving in a manner which, even if unintentionally, appears to hinder or discourage another driver seeking to pass, including premature or dangerous changes in direction or deliberate crowding of karts towards the inside or outside of the track, or appearing to ignore the BLUE flag, may be given the BLACK flag with kart number. Systematic or repeated offences may result in Disqualification of the offending driver.
- f) The penalty inflicted for ignoring the BLUE flag shall be applied to the drivers who obstruct part of the track and shall range from monetary fine to Disqualification. The same penalty shall be applied to drivers who swing from one side of the track to the other side of the track in order to prevent other competitors from overtaking.

15. INCIDENTS

An incident means a fact or series of facts involving one or several drivers who:

- Provoked the stopping of a race.
- Violated these Sporting Regulations;
- Have jumped the start;
- Have started from an incorrect position (e.g. ahead of the pole sitter during a rolling start);
- Have not respected flag signaling;
- Have caused one or several karts to take a false start;
- Have caused a collision intentionally or unintentionally;
- Have forced another driver off the track intentionally or unintentionally;
- Had the front fairing on the kart in the incorrect position;
- Have prevented a legitimate passing maneuver by a driver;
- Have impeded another driver during a passing maneuver. Gain of position after contacting another kart;
- Have not respected the Briefing Notes;
- Have not respected the Event Notes;
- Have not respected the Stewards decisions.

If a driver is involved in a collision or an incident a penalty may be issued.

16. REGULATION OF COMPETITIONS – OFFICIALS

16.1. Steward(s)

At events when a Steward is not available the Stewards duties will be assumed by the Race Director or other designated official.

The Steward(s) shall be responsible for the application of these Regulations and relevant Series and Event Supplementary Regulations and in addition may;

Provide participants with information about regulations or procedures, including during the Driver's Briefing.

Decide what penalty to enforce in the event of a breach of the regulations. In exceptional circumstances amend the Supplementary Regulations.

Authorize amendments to the schedule or a change in the program. In the event of heats, alter the composition or the number of heats.

Authorize the modification of the race start procedures and/or finish line.

In the event of dead heats, authorize a new start.

Authorize a change of driver or kart.

Accept or refuse any correction proposed by a Judge of Fact.

Inflict penalties and fines.

Pronounce Disqualifications.

Amend the classification to take into account a time or distance penalty or the Disqualification of a competitor.

Prohibit from competing any driver or vehicle which they consider to be dangerous, or which is reported to them by the Race Director as being dangerous.

Disqualify any driver who they consider, as being ineligible to take part, or who they consider as being guilty of improper conduct or unfair practice.

Order the removal from the course and its precincts of any participant who refuses to obey the order of a responsible official.

Postpone a competition in the event of force majeure or for serious safety reasons. Take the decision to stop a race.

16.2. Race Director

The Race Director is responsible for conducting the race meeting in accordance with the official program and in addition shall;

Shall provide participants at the Driver's Briefing with event specific information and explain race procedures.

Ensure that the officials are at their posts.

Ensure that the officials are provided with the necessary information to enable them to carry out their duties.

Control competitors and their karts and prevent any Disqualified, Suspended or Excluded competitor or driver from taking part in a competition for which they are not eligible.

Ensure that each kart, and if necessary, each competitor, carries the proper identification numbers in accordance with those in the program.

Ensure that each kart is driven by the eligible driver and organize the karts in categories and classes as required.

Convey to the Steward(s) of the meeting any proposal to modify the program, the improper conduct, breach of rule, or protest by a competitor.

Receive these protests and transmit them immediately to the Steward(s), who shall take

the necessary action thereon.

Apply penalties in the event of a breach of the regulations.

Collect the reports of the Timekeepers, Technical Inspectors, Marshals, together with such other official information as may be necessary for the determination of the results.

16.3. Deputy Race Director/Deputy Steward/Competition Observer

The Deputy Race Director(s)/Deputy Steward(s)/Competition Observer(s) shall;

Occupy posts around the racetrack assigned to them by the Race Director and/or the Steward(s) for purposes of reporting incidents which occur on track.

Recommend penalties in the event of a breach of the regulations to the Steward(s) and/or Race Director.

The Deputy Race Director(s)/Deputy Steward(s)/Competition Observer(s) can be stationed at the Pre-Grid, Grid, Scale Area and Paddock. They can be designated as the officials that inform drivers of on-track penalties and the official that participants contact to initiate an Inquiry.

16.4. Timekeepers

Timekeepers are not to communicate any times or results except to the Steward(s) and the Race Director or when instructed otherwise by these officials.

16.5. Technical Inspectors

The Technical Delegate or Chief Technical Inspector is responsible for scrutineering and has full authority over the Technical Inspectors. All Technical Inspectors are entrusted with all checking relating to the mechanical components of karts.

They shall not communicate any official information except to the Steward(s) or the Race Director.

Technical Inspectors are entrusted with the checking of the weight of karts, dimensions of their bodywork and accessories, and of all documents relating to competitors and drivers. They shall report to the Technical Delegate or Chief Technical Inspector the results of all inspections.

16.6. Grid Marshals

The Grid Marshals control and monitor the activities of all karts, drivers, mechanics/tuners or others permitted on the Pre-Grid, Grid or in the Pit Lane, and enforce safety and pit rules, and in addition shall:

Control the entry and exit of karts from the pit lane to the track under direction from the Race Director or Starter.

Organize karts on the Pre-Grid and Grid according to information received from timing and scoring officials.

16.7. Race Control Recorder

A Race Control Recorder should maintain a written Race Control Log of significant on-track activity and incidents during qualifying sessions, heats and races based on reports from officials. The event, class, driver, time and details of the activity or incident are to be logged. At the conclusion of the event the Race Control Log to be given to the Steward(s).

16.8. Officials Licence

Grade A: International (Issued by ASN)

Grade B: National (Issued by ASN)

Grade C: Local (Club, Regional, Series) (Issued by Club, Region, Series)

Licences can be issued for the following roles: Steward, Race Director, Deputy Race Director, Technical Delegate, Technical Inspectors, Chief Timekeeper, Starter, Grid Marshal, Flag Marshal.

Every licence shall display the following information including:

Local (Club, Regional, Series) or National or International LICENCE

Licence #, Licence Holder First and Last Name

Grade of Licence, Issue Date, Expiry Date (all licences must expire on December 31, of the year they were issued)

16.9. Guide for Officials

An Official is a person who:

presents themselves professionally in appearance and in a physical condition to perform duties.

respects themselves, and in turn treats and respects each of the participants (organizers, other officials, drivers and team members), in the context of their activity, without regard to sex, ethnic origin, religion or political orientation.

is not officious, bossy, overbearing, or focuses on self-importance, and is a role model to other officials.

is a team player that knows their function in detail and works in harmony with other officials.

knows the ASN, Series or Event Regulations inside out as it relates to their function, and never pretends to know the regulations if they do not.

has a positive attitude.

makes a commitment and keeps it, particularly with regard to being on-time at events.

remains calm and discrete, behaves in a professional manner at all times, and knows that getting angry rarely accomplishes anything positive.

knows how to listen and does not interrupt others when they are speaking.

is impartial, conscientious and works within the framework of their assigned duties.

whether on duty or not, abstains from commenting on the decisions of the other officials.

accepts and is not offended if one of their decisions be nullified or reversed.

contributes to recruiting and to the growth of the ASN family of officials by their encouragement and work.

An Official is a person who will:

make sure that every competitor has a reasonable opportunity to perform to the best of their ability, within the limits of the rules.

maintain a safe, healthy atmosphere and environment for competition.

avoid or put an end to any situation that threatens the safety of the drivers and other officials.

not permit the intimidation of any driver either by word or by action.

not tolerate unacceptable conduct toward themselves, other officials, or drivers.

be consistent and objective in calling all infractions, regardless of their personal feelings toward a team or individual driver, or other official.

handle all conflicts firmly but with dignity according to the rules.

accept their role as an educator and role model for fair play.

be open to discussion and contact with drivers before and after an event.

remain open to constructive criticism and show respect and consideration for different points of view.

seek and obtain proper training and continue to upgrade my officiating skills.

17. VIOLATION OF REGULATIONS

17.1. Evidence

The Officials may acquire evidence of any kind as they see fit in the adjudication of real or alleged rule infractions, inquiries, protests, appeals or for any other purpose as it relates to the enforcement of these Regulations.

17.2. Assessment of Penalties

Any promoter, organizer, official, entrant, driver or other person committing a breach of these Regulations or those of a Series or event, or of any conditions attached to an organizing permit, or of any instructions to drivers, or of any special racetrack Regulations, may be penalized.

ASN or the karting organization may suspend or terminate for a definite period of time, the racing licence of a competitor or the membership of any individual upon a finding of a violation of any rules and regulations, or for any other just cause, if such action is determined to be in the best interest of the association.

17.3. Breach of Regulations

In addition to any other offences, the following offences shall be deemed to be a breach of these Regulations;

- a) Bribery or attempt to bribe anyone connected with the competition, and the acceptance of or offer to accept a bribe.
- b) Any action having as its objective participation in the competition of a person or kart known to be ineligible.
- c) Any fraudulent proceeding or act prejudicial to the interests of ASN, the karting organization or of motorsport in general.
- d) Refusing to cooperate with, interfering with or obstructing the action of an official.
- e) Abusing (physically or verbally) another competitor or official.
- f) Unsportsmanlike conduct.
- g) Driving infractions as defined in these Regulations.

17.4. Repeated Violations

Repeated breaches of these Regulations are subject to an increase in severity of the penalty imposed for each subsequent occurrence.

In cases of incidents that involve multiple violations, consecutive penalties may be imposed. Combinations of penalties may be assessed.

17.5. Technical Infractions

- a) **Impounding of Racing Equipment:** Any kart, racing equipment or materials or components or driver safety equipment may be impounded at the event including when a technical Disqualification occurs. The Technical Inspector shall label the impounded racing equipment and one of these officials will be responsible for providing the impounded racing equipment at an appeal hearing if called.

Return of Impounded Racing Equipment: If the entrant does not submit an approved complete Refusal of Appeal form, the part(s) in question should be retained by the Technical Inspector. If the entrant wants the part(s) in question to be returned it is the responsibility of the entrant to obtain the approved Refusal of Appeal form and submit the completed form to the Steward(s). If the part(s) in question are removed from the impound area by the entrant without a Refusal of Appeal form being submitted the entrant will be Disqualified from the results and no protest or appeal can be submitted.

18. PENALTIES

The Officials may issue penalties during an event.

The ASN Standard Karting Penalty Guidelines to aid in the consistent application of penalties are published in a separate document.

18.1. Scale of Penalties

Penalties may be inflicted as follows in order of increasing severity:

- Warning;
- Reprimand (blame);
- Monetary fine;
- Disallowance or deletion of a driver's race, qualifying and practice lap time(s);
- Drop of grid position(s);
- Time penalty;
- Drop of place(s) in the classification of the competition (position penalty);
- Disqualification;
- Suspension;
- Exclusion.

18.2. Warning

A Warning may be imposed by the Steward(s) and/or the Race Director.

18.3. Reprimand (blame)

A Reprimand (blame) may be imposed by the Steward(s) and/or the Race Director.

18.4. Monetary Fines

Fines may be imposed by the Steward(s) and/or the Race Director. Fines imposed must be paid immediately or within the time period specified when the fine is issued. Any delay in making payment will entail suspension of competition privileges equal to the period during which a fine remains unpaid. All fines shall be remitted to ASN or the karting organization. At an event all fines must be paid in cash

Failure to honour a cheque payable to ASN or the karting organization will result in suspension of the entrant's or driver's competition privileges until full payment of the fine, bank charges, and an additional service charge of \$100.00 has been paid.

18.5. Position Penalty

Position penalties may be imposed by the Steward(s) and/or the Race Director. A penalty may be in the form of 1 or more positions.

18.6. Time Penalty

Time penalties may be imposed by the Steward(s) and/or the Race Director. Standard time penalties shall be 3 seconds, 5 seconds, 10 seconds or 20 seconds.

18.7. Disqualification

A Disqualification penalty may be imposed by the Steward(s) and/or the Race Director. Disqualification means that a person or persons may not continue to participate in a Competition. The Disqualification may be for part of a Competition (e.g., heat, final, free practice, qualifying practice sessions, race, etc.) the whole Competition or several Competitions within the same Event, at the discretion of the Steward(s), and may be pronounced during or after the Competition, or part of the Competition, as determined by the Steward(s). The disqualified person's relevant results or times are voided.

18.8. Suspension

A sentence of suspension may be pronounced by ASN or an affiliated karting organization.

A notice of suspension should be sent to the recipient by a registered delivery method within 72 hours of being pronounced. A sentence of suspension pronounced by the karting organization will be

honoured by all other karting organizations upon request.

A sentence of suspension pronounced by ASN will be honoured by all ASN affiliated organizations.

A sentence of suspension pronounced by an affiliated karting organization shall only apply within the territory of jurisdiction of the karting organization issuing the suspension. If, however, the karting organization wishes the sentence of suspension to be recognized by ASN or other ASN's or other karting organizations a formal written request must be submitted to the ASN or karting organizations where the suspension is to be recognized.

18.9. Exclusion

A sentence of exclusion may be pronounced by ASN or an affiliated karting organization. A person or body shall be said to be excluded when they have been definitively forbidden to take part in any Competition whatsoever. It shall render null and void any previous Entry made by the person excluded and shall entail the forfeiture of Entry fees.

18.10. Withdrawal of Licence

When a sentence of suspension is levied against a driver, the driver's competition licence is deemed ineligible and must be immediately surrendered to ASN or the karting organization having jurisdiction. Delay in surrendering a licence as directed shall automatically result in the extension of the suspension by a period double the period of the delay.

18.11. Disciplinary Action

Participants who display a disregard or repeated disregard for Regulations, or who by their conduct display unsportsmanlike conduct are subject to disciplinary proceedings.

ASN or the karting organization at its discretion may commence a Disciplinary Action at a competition.

The results of a Disciplinary Action are final, and any orders or penalties applied to a competitor are binding upon the parties.

18.12. Probation

Probation may be imposed by the Steward(s) and/or the Race Director with conditions applied as part of a drivers continued participation or result from a Disciplinary Action or Appeal Proceedings.

Failure to comply with the terms of probation shall be reason for further penalties. ASN or the karting organization having jurisdiction may review any probation before its expiration.

18.13. Notice of Penalty

The Steward(s) and/or the Race Director and/or Deputy Race Director may give verbal notice of penalty to any participant. Penalties issued to a driver at an event shall be noted on the Official Results and posted on the Official Notice Board or online. No additional notice is required.

18.14. Publication of Penalties

ASN or the karting organization reserves the right to publicize a notice that it has penalized any person or organization and to state the reasons. The persons or body referred to in the notice shall have no right of action against ASN or the karting organization, or its officials, or against any person publishing or printing such notice, and may incur further penalties if such action is taken.

19. INQUIRY

The following regulation can be used if specified in the Supplementary Regulations:

An Inquiry may be submitted prior to initiating the Protest Procedure.

Drivers, or their parent/guardian if the driver is under the age of majority in the province of jurisdiction, may submit an Inquiry Form to the Steward(s) and/or Race Director or other designated official within fifteen (15) minutes of the completion of the heat, race, post-race technical inspection or announcement and/or posting of official results in question, to ensure that facts are known prior to submitting a Protest Form. The fee for an Inquiry will be specified in the Supplementary Regulations.

At any Inquiry about an on-track incident, the driver must be present. If the driver is under the age of majority in the province of jurisdiction, and the parent/guardian is making the Inquiry, the driver must accompany them. In all situations, the track session must be over before an Inquiry can be made.

An Inquiry must detailed be on the ASN Inquiry form. A brief description to be provided including the competition number of other kart(s) involved, lap number, time and the reason for the Inquiry. Incomplete inquiries will not be considered.

The Steward(s) and/or the Clerk of the Course/Race Director or other designated official may initiate an investigation resulting from an Inquiry if time allows. Dealing with Inquiries will only occur if it does not distract officials from focusing on on-track activity. Interviews of participants or witnesses may be conducted. All evidence available including videotape, digital video and digital still images may be examined. As a result of the investigation penalties may be applied or removed.

20. PROTESTS

20.1. The Right of Protest

The right of protest lies solely with participating drivers, or their parent/legal guardian if the driver is under the age of majority in the province of jurisdiction. Protests must be well founded. Protests can only be filed against drivers or karts in the same class as the protestor.

A well-founded protest is defined as being reasonable, logical, based on relevant facts and supported by relevant evidence. A fact is defined as something that can be proven, and evidence is defined as that which supports fact, logic, or reason. Protests that are deficient in reason, logic, facts, or evidence may be deemed as not well founded and may be denied by the Steward(s) with no further recourse.

There shall be no right to protest against refusal of an entry, nor where otherwise expressly prohibited by these Regulations.

The onus is always on the driver, as the protestor, to establish the exact terms of the protest.

Drivers must remain at a competition until any protest period relating to their competition has elapsed. No substitute representation is permitted.

Participants involved in a dispute or protest shall remain at the racetrack for the protest period, and for any reasonable period of time beyond as may be requested by the Steward(s).

Competitors who do not comply or cannot be easily contacted, are subject to judicial proceedings and penalties being applied in their absence. In such cases where penalties are applied, the possibility of appeal is forfeited. Any penalty applied shall remain in force.

It is the protestor's responsibility to understand and comply with these Protest procedures, and no claim for misunderstanding of any kind will be accepted.

A Protest must be completed in full without exception or it will be refused without further recourse. Once submitted, a Protest may not be modified and resubmitted.

Officials may use any physical evidence they deem useful, including video footage from the Event official video marshalling system if such system is in place for the event.

20.2. Time Limits for Protests

For a protest to be considered it must be lodged with the Steward(s) in accordance with the following time schedule;

Protesting the Eligibility of a Kart Time Limit

When the alleged ineligibility of a kart, or a component of a kart is apparent; within 30 minutes after the end of the track session in which the alleged infraction is observed.

Protesting On-Track Conduct Time Limit

A protest against any occurrence or irregularity while a practice, qualifying or race session was in progress; within 30 minutes of the end of the track session in which the infraction is alleged to have occurred or no later than 30 minutes after the publication of the results.

Protesting Results

A protest concerning the results of a qualifying session or the results of a race: no later than 30 minutes after the publication of the results.

20.3. Digital Video and Digital Still Image Evidence

Competitors submitting digital video or digital still images as evidence shall provide the means to view the digital video or digital still images or they shall not be allowed. Acceptable means to view digital video or digital still images as evidence are a laptop computer or a tablet.

If a Notice of Intention to Appeal is given, the digital video or digital still images or a copy of the original created by a method approved by the ASN will be held by the ASN or the ASN affiliated karting organization having jurisdiction until the appeal hearing is conducted.

20.4. Protest of a Kart

Only drivers, or their parent/legal guardian if the driver is under the age of majority in the province of jurisdiction, entered in an event in the same class may protest the eligibility of another kart. A protest can only be submitted by a single individual. If the driver's parent/legal guardian submits a protest on behalf of their driver, the driver must be present when the protest is submitted.

In such cases the protestor shall clearly state the exact Regulation(s) alleged to have been violated and shall additionally stipulate the component(s) that are to be inspected.

Components are defined as and include engine, chassis, tires, bodywork.

Such Inspections shall be performed under the direction of the Technical Inspector.

Failure of the entrant and/or driver of a protested kart to allow inspection under the terms of this Regulation shall result in immediate Disqualification and other penalties.

A protest under this Regulation may be reduced in scope by the protestor, but not added to, at the time the fee is paid. Once the fee is paid, the stipulated inspections must be completed, except if entirely or partially withdrawn by the protestor before the inspection begins.

If a protest under this Regulation is withdrawn completely by the protestor prior to the commencement of the inspection, the Steward(s) the protest fee will not be refunded.

20.5. Lodging a Protest

The protest must be submitted on the official Protest Form provided by the organizer of the event. The Steward(s) and/or the Race Director will be provided with copies of the approved Protest Form for distribution by the event organizer. All protests must be addressed to the Steward(s) and/or Race Director.

Every protest shall be made in writing, and;

Specifying which part(s) of the applicable regulations for the event considered to have been violated and by whom, providing names of witnesses, if any, signed by the driver or their parent/legal guardian if the driver is under the age of majority in the province of jurisdiction making the protest,

Accompanied by the required protest fee payable in cash only.

Delivered to the Steward(s) or Race Director (if the Race Director is also the Steward) within the time limit specified within these Regulations.

The Protest must be completed in full without exception or it will be refused without further recourse. Once submitted, a Protest may not be modified and resubmitted.

20.6. Hearing of a Protest

The Steward(s) will assemble a Protest Board of 1 to 3 people to hear a protest. A Steward will be the Chairman of the Protest Board.

Unless specified otherwise in the Supplementary Regulations, protests will be dealt with after on-track activity is over for the day. All parties concerned shall be given notice of the time and location of the hearing and must appear in person.

Failure of a party given notice to attend a hearing at a designated place and time will accept that a decision will be made without the participation of the absent party(s).

The Steward(s) shall determine if the protest was submitted in full accordance with these Regulations.

Failure of the protestor to comply with all of these conditions shall result in the return of the protest without hearing and the retention of the protest fee by the karting organization having jurisdiction. The onus is always on the protestor to properly present a protest, and no claim based on lack of knowledge of ASN or Club or Series or Event Supplementary Regulations shall be allowed.

The driver and their parent/legal guardian if the driver is under the age of majority in the province of jurisdiction submitting the Protest must attend the Protest Hearing.

Protestors at a hearing shall themselves (or with the assistance of a designated translator if language difficulties exist) state their case in person and are entitled to call witnesses and shall be responsible for the prompt availability of any witnesses called. Should a protestor designate a

translator for purposes of stating or arguing a protest, the words of the translator shall be deemed to be those of the protestor.

In the absence, or undue delay in attendance, of any party to a protest, judgment may proceed by default.

Every effort must be made to handle protests at the event where witnesses can present evidence pertaining to the protests.

Podium celebrations will proceed even if a Protest has not been heard or decided. All results will be considered Provisional and subject to change. Some awards may be withheld pending the publication of Final results which may be after the completion of the event.

20.7. Judgment from a Protest Hearing

All parties concerned shall be bound by the decision given, subject only to the Appeal Proceedings as provided in these Regulations.

20.8. Protest Fees

The fee for a Protest is \$500.00 in cash only, which must be submitted at the time of submitting the Protest. Any costs associated with a Protest are the responsibility of the protestor regardless of the outcome of the Protest.

Should a Protest be upheld, \$250.00 will be returned.

If the protest is deemed vexatious the protestor shall be deemed guilty of a breach of these Regulations and may be further penalized for this breach.

20.9. Notice of Decision

When a decision is made on a protest the person submitting the protest will be given a written explanation of the decision by the Protest Board.

Every effort must be made to resolve the protest before the competitor leaves the circuit where the event is being held.

20.10. Publication of Judgments

ASN or the karting organization having jurisdiction shall have the right to publish or cause to be published a judgement of a protest and to state the names of all parties involved. The persons or bodies referred to in such a notice shall have no right of action against ASN or the karting organization or against anyone printing or publishing said notice.

21. APPEALS

21.1. Intent to Appeal

Except where excluded in these Regulations, a driver, or their parent/legal guardian if the driver is under the age of majority in the province of jurisdiction may submit an Intent to Appeal of a decision that was rendered by a Race Official or Protest Board on the required form.

The fee for an Intent to Appeal is \$1,000.00 in cash only which must be submitted at the time of filing an Intent to Appeal. Any costs associated with an Appeal are the responsibility of the Appellant regardless of the outcome of the Appeal.

In all cases the Appeal fee is non-refundable regardless of the outcome of the Appeal. Submitting an Intent to Appeal does not mean the Appeal will be allowed automatically.

Appeal proceedings of ASN or the karting organizations having jurisdiction are designed to expedite sporting disputes in a timely and efficient manner and do not necessarily follow practices or formalities normally associated with those of the legal profession.

It is the appellant's responsibility to understand and comply with these Appeal procedures, and no claim for misunderstanding of any kind will be accepted.

21.2. Grounds for Appeal Requests

The grounds for a Request for An Appeal are any of the following allegations;

The Race Official or Protest Board has dealt with the case using improper procedures.

New substantial evidence and/or expert testimony relating to the case that could not have been readily available at the time of the application of the original decision by the Race Official.

An Appeal will not be granted for a repeat presentation of the original protest.

21.3. Time Limit

The Intent to Appeal form must be submitted to the Steward(s) within 30 minutes of a decision of a Race Official or decision of a Protest Board which will be time stamped.

The Steward(s) will determine the Appeal process and timing based on the nature of the appeal.

A Request for An Appeal letter, signed by the appellant, must be submitted in an absolutely clear and legible form otherwise it may be denied without further action.

A Request for An Appeal may be withdrawn with the agreement of ASN or the karting organization having jurisdiction. If the appeal is withdrawn the appeal fee will be retained by ASN or the karting organization having jurisdiction. An Appeal that is withdrawn cannot be modified and resubmitted.

21.4. Effect of Requesting an Appeal

Notice of Request for An Appeal shall not affect the validity of enforcement of any decision, penalty or sentence appealed against.

The Steward(s), if notified of intention to submit a Request for An Appeal, may permit a competitor to continue to participate in a competition if the matter arises during the course of an event.

This decision itself cannot be appealed. The Steward(s) may require that awards which may be affected by the outcome of the appeal to be withheld pending the outcome of a Request for An Appeal.

21.5. Required Submissions

A Request for An Appeal shall only be submitted in person, by mail, courier, fax or email. It is the responsibility of the person submitting the Request for Appeal to confirm that it has been received the ASN or karting organization having jurisdiction within the time limit.

A Request for An Appeal must contain sufficient information to allow ASN or the karting organization having jurisdiction to determine how a dispute will be managed, and whether or not formal Appeal Proceedings will take place. Failure of the appellant to provide sufficient information will result in the rejection of the appeal without a hearing and forfeiture of the appeal fee.

A Request for An Appeal shall specify in full;

The grounds for claiming that the Race Official acted improperly, clearly indicating which part(s) of any Regulations are considered to have been enforced in a manner that was not fair or equitable to the appellant.

A complete description of any new evidence and/or expert testimony and how it may affect the original protest decision.

A list of witnesses, and their telephone numbers, that the appellant may wish to call, a description of their involvement in the incident in question, and the general nature of their testimony.

The Request for An Appeal shall bear the signature of the appellant, or an authorized representative of the appellant accompanied by a letter authorizing the representative to act on behalf of the appellant and shall include the address to which communications should be sent with a telephone number and email address.

Officials may use any physical evidence they deem useful, including video footage from the Event official video marshalling system if such system is in place for the event.

Appeals that are deemed not well founded or deemed frivolous and/or vexatious will be denied with no further recourse. In such instances further penalties may be applied.

21.6. Decision to Grant an Appeal

ASN or the karting organization having jurisdiction will decide if a Request for An Appeal is well founded.

ASN or the karting organization having reserves the right to settle any dispute that may be referred to in a Request for an Appeal without submitting the case to Appeal Proceedings.

21.7. Appeal Proceedings

An Appeal may be handled administratively by ASN or the karting organization having jurisdiction without a formal hearing.

When a formal hearing is deemed necessary by ASN or the karting organization having jurisdiction, an Appeal Chairperson will be appointed by ASN or the karting organization having jurisdiction. The Appeal Chairperson will attempt to convene and hear an appeal no later than 1 week after the decision to grant an appeal hearing.

Notice to the appellant indicating the time and place for the hearing will be given. It is incumbent upon the appellant to assemble any witnesses at the appointed place and time.

Failure of a party given notice to attend a hearing at a designated place and time will accept that a decision will be made without the participation of the absent party(s).

The driver and their parent/legal guardian if the driver is under the age of majority in the province of jurisdiction who submitted the Request for Appeal must attend the Appeal Hearing.

At a formal Appeal Hearing the appellant may present evidence and may call witnesses. The appellant may have counsel present with the permission of the Appeal Chairperson but must always present their case personally.

The Appeal Chairperson may hear evidence and witnesses in any manner deemed by the Chairperson to be appropriate, relevant or necessary.

21.8. Jurisdiction of Appeal Proceedings

Appointees to Appeal Proceedings shall not participate or sit in judgment if they have taken part as competitors, officials, organizers, promoters or sponsors in the competition which involves the subject of the appeal, or who have been directly involved in the matter under consideration.

21.9. Judgment of Appeal Proceedings

After considering the material deemed relevant to reach a decision, an Appeal Chairperson shall prepare a written judgment. An existing penalty may be nullified, mitigated, affirmed, increased, or a different penalty imposed. A competition cannot be rerun, nor an event schedule revised.

21.10. Appeal Judgment is Final

Appeal judgments constitute the final court of appeal to settle any dispute arising out of or in connection with a Club or Series competition and no further action may be taken by the appellant.

21.11. Conduct After Judgment

Any participant who, subsequent to an Appeal judgment, discredits or attempts to discredit the judgment shall be subject to disciplinary action.

22. ASN JURISDICTION ON DISPUTES

An ASN affiliated karting organization or ASN Regional Representative may request advice from the ASN office concerning Penalties, Protests, Appeals or disputes involving Club, Regional or Series karting competition.

The ASN office will not involve itself in matters of dispute between a Club, **Region** or Series and its members or participants. **This includes Penalties, Protests and Appeals.**

23. STARTING LIGHT SYSTEMS

When the event organizer intends to use a starting light system for starting races, one of the following options must be used for the official start.

23.1. Option 1: Red Lights Only

Light Sequence for Rolling Starts:

All lights switched OFF.

RED LIGHTS switched ON: prepare to start racing.

RED LIGHTS switched OFF: the race has started, take the start.

Light Sequence for Standing Starts:

All lights switched OFF.

RED lights switched ON with the time lapse between switching ON the RED lights and switching them OFF being between three (3) and eight (8) seconds.

RED LIGHTS switched OFF: the race has started, take the start.

23.2. Option 2: Red and Yellow Lights

Light Sequence for Rolling Starts:

All lights switched OFF.

RED LIGHTS switched ON: prepare to start racing.

RED LIGHTS switched OFF: the race has started, take the start.

Flashing AMBER (YELLOW) LIGHTS or Yellow Flag Displayed: aborted start, you are required to start another formation lap.

Light Sequence for Standing Starts:

All lights switched OFF.

RED lights switched ON with the time lapse between switching ON the RED lights and switching them OFF being between three (3) and eight (8) seconds.

RED LIGHTS switched OFF: the race has started, take the start.

Flashing AMBER (YELLOW) LIGHTS or Yellow Flag displayed: aborted start, start another formation lap.

The switching circuit must enable any of the following conditions:

All lights OFF. RED lights ON alone. RED lights ON alone replaced by all lights off (one switch operation). RED lights ON alone with the addition of flashing AMBER (YELLOW) lights (one switch operation). All lights OFF replaced by flashing AMBER (YELLOW) light (one switch operation).

23.3. Location and Configuration of Starting Lights:

All lights used for signaling at the start of a race must be able to be clearly seen by all drivers seated in their karts in the normal driving position.

The lights must be as large as possible and practical and at least as large and intense as the permanent traffic lights used to control public roads. 8" (20cm) diameter LEDs are recommended. All the lights must be duplicated in case of failure.

RED lights must be mounted horizontally side by side.

RED lights must be mounted directly above the AMBER (YELLOW) lights.

Lights must be located a minimum of 10.0 meters (30.0 feet) and a maximum of 15.0 meters (50.0 feet) beyond the Start Line, ideally 5.0 meters (15.0 feet) from the edge of the track on either driver's left or right and between 2.0 meters (6.5 feet) and 2.5 meters (8.0 feet) above the track surface behind a protection barrier as required.
